Moscow Reported Calm

Rumors Sweep Vienna Of Khrushchev's Arrest

Malenkov Takes Over, Report Says

No Confirmation From Any Source Concerning Coup

VIENNA, Austria (AP — Rumors of an anti-Khrushchev coup in Moscow swept Vienna today but there was no confirmation from any source. Moscow correspondents reported the capital calm. Western officials were skeptical that the Soviet Union's "antiparty group" had been able to take over, as the rumors had it.

The rumors said former Premier George M. Malenkov has taken power and that Nikita S. Khrushchev is under arrest. Gen. Georgi K. Zhukov, the former defense minister, was reported appointed state president in the coup said to have taken place at 4 a.m.

There was no hint where the rumors originated.

Monitoring services of the British Broadcasting Corp. reported Moscow radio transmissions normal. British government sources said they have heard no whispers whatsoever of any Soviet government changes.

The speculation came as leaders of the Communist world began assembling in Moscow for celebrations Monday marking the 43rd anniversary of the Bolshevik revolution. After those festivities the Red leaders are getting down to discussions on differences that have risen over ideological strategy between the Soviet and Red Chinese governments.

Correspondents in Moscow reported that capital normal with no signs of any governmental upheaval. Westerners in the Soviet capital have, however, noted signs of discontent in high places with the way Premier Khrushchev has handled relations with the United States.

Khrushchev himself is thought to be out of Moscow, diplomats said in London. He told a British trade union chief, Frank Cousins, on Oct. 28 he was about to go off to the Black Sea for a few days vacation.

Malenkov, who succeeded Joseph Stalin as premier in 1953, was banished to management of a power station after being ejected from the government in 1957. Zhukov was expelled from the government and the Central Committee of the Soviet Communist party in late 1957.

One leading personality of the "antiparty" group which was ousted from office by Khrushchev is presently living in Vienna. He is former Foreign Minister V. M. Molotov, now permanent Soviet delegate to the International Atomic Energy Agency.

A spokesman of the Soviet delegation here said today: Molotov "does not meet the press."

Asked about the rumors, an editor in the local office of Tass, the official Soviet news agency, said: "We certainly have not heard anything of the kind from Moscow."

A Soviet Embassy official said: "We know of nothing. Moscow has not informed us of anything."

Efforts to track down the source of the report have been fruitless.

In Washington officials said privately they were "very skeptical" or "completely skeptical" of the rumors.

Information available in the U.S. capital was that radio and other communications between Moscow and the outside world were operating normally and there was no evidence of any abnormal developments.

Nixon Blasts Kennedy In Texas Talk

Claims He's Enemy Of State's Rights In Last Swing South

FORT WORTH, Tex. (AP)—Vice President Richard M. Nixon, concluding a final foray into the South, blasted away at Senator John F. Kennedy again today—this time as an enemy of state's rights.

In this area of states rights zealots, Nixon, the Republican candidate for president, told a police-estimated crowd of from 8,000 to 10,000, in Burnett Park, that the Democrats could "vote every tombstone in Texas but we are still going to lick 'em."

Nixon added that the Democrats "have been kicking Texas in the teeth long enough."

The early morning turnout for Nixon in clear, pleasant weather compared with a police estimate of about 8,000 in the crowd which greeted Kennedy at a late morning rally here several weeks ago.

Nixon accused Kennedy of changing his mind on a great many issues, and touched off a roar of applause in declaring:

"I say we can't have a jumping jack as president of the United States."

Nixon flew on for a tour of the West, his first stop being Casper, Wyo. He also will speak at Spokane, Wash., and Fresno, Calif.

Nixon hit hard at the tidelands question, saying that Kennedy has not supported state ownership of tidelands. Nixon said on oil depletion he favored the 27½ per cent allowable and declared oilmen "are not going to take a chance on him (Kennedy) when they know what I am going to do."

Wyoming will be the 49th state he has visited since winning the nomination in July. Alaska, the 50th, is on his Sunday itinerary.

Nixon spent all day and until midnight Thursday night campaigning in the South—in South Carolina and Texas—urging Democrats to abandon Kennedy, the party's presidential candidate, and throw in their lot with the Republicans in next Tuesday's election.

In Texas, that also would mean abandoning its Sen. Lyndon B. Johnson, Kennedy's vice presidential running mate.

Nixon arrived in Fort Worth very late Thursday night and was, he said, thrilled to find on hand to greet him at the airport—far out of town—a cheering, flashlight waving crowd which police Sgt. Hollis Pricer estimated at 15,000.

Nixon got to town shortly after an announcement that surprised the area—one by H. L. Hunt of Dallas, multimillionaire Dallas oilman, that he will support the Kennedy-Johnson ticket.

Hunt was a major distributor of a sermon by Dr. W. A. Criswell, pastor of the Dallas First Baptist church, attacking Kennedy because he is a Roman Catholic.

Ike, Kennedy, Lodge Make 'Last Pitch' For Ohio Vote

By The Associated Press

Three top political campaigners —President Dwight D. Eisenhower, Sen. John F. Kennedy and Henry Cabot Lodge — come to Northern Ohio today to make a final personal pitch for support in Tuesday's election.

The schedule has Kennedy, the Democratic presidential nominee, arriving at Toledo Express Airport just about the time President Eisenhower is speaking at Cleveland Public Square in support of Vice President Richard M. Nixon, the Republican candidate.

Then, late in the afternoon, Henry Cabot Lodge, Nixon's running mate, comes to Ohio for appearances at Canton and Akron.

The Cleveland Weather Bureau was predicting good fall weather—sunny but cool—which should help boost crowds for outdoor appearances of the three campaigners.

The President, fresh from his triumphal appearance with Nixon and Lodge in New York, lands at Cleveland Hopkins Airport, travels to Burke Lakefront Airport in the downtown area by helicopter, and goes by motorcade to Public Square for the noontime rally.

State GOP Chairman Ray C. Bliss was enthusiastic about the President's appearance, predicting it will be "of tremendous help to the Nixon-Lodge leaders and a GOP women's tea.

After leaving here he goes to Pittsburgh for a speech that will be televised nationwide (NBC).

Kennedy has scheduled three hours for Toledo between appearances in Virginia and Chicago. As in previous appearances in Northern Ohio, he will have Gov. Michael V. DiSalle, former Toledo mayor, with him on his final Ohio campaign visit.

The governor will meet Kennedy at the airport, and they will go by motorcade to downtown Toledo for a rally at the Lucas County Courthouse. The motorcade will return Kennedy to the airport via a different route.

Lodge flies into Akron-Canton airport and goes to Canton for a speech at 5:15 p.m. at Courthouse Square. Then he will motor via Ohio 8 to Akron for an 8 p.m. speech at the Armory. After that appearance he is to fly to Peoria, Ill.

U.S. Mediator Enters Ware Contract Talks

Brotherhood Plans Negotiations Nov. 21 On Chinaware Pact

Contract negotiations between the U. S. Potters Association and the International Brotherhood of Operative Potters continued in Cleveland today with a U. S. mediator participating.

The USPA Thursday asked the Federal Conciliation Service office to help with the talks over a new contract for a wage increase and other benefits.

Clair Willmeth, federal mediator, last night was assigned to try to work out a basis for settlement.

Negotiations between the two sides were held in New York for 10 days last month but ended in a deadlock. Talks resumed at Cleveland Wednesday.

The union contract, covering 4,900 workers in 9 plants, expires Dec. 1. The union seeks a wage increase plus fringe benefits; the company group has asked the union to revert to the 1957 contract. Union officials say this would mean a 6-cent hourly wage cut.

A USPA spokesman today refused to venture a guess as to how long the sessions may last.

Meanwhile, the IBOP's headquarters here said today it is making arrangements to open talks on a new contract with 6 chinaware concerns Nov. 21 also at Cleveland.

The office reported E. L. Wheatley, union president, said the chinaware industry conference will bring together the IBOP and spokesmen for the Sterling China Co. and Wellsville China Co., both of Wellsville, Mayer China Co. of Beaver Falls, Buffalo China Co., of Buffalo, Jackson China Co. of Falls Creek, Pa., and Walker China Co. of Bedford.

The IBOP filed a series of propositions with the chinaware producers several weeks ago. Negotiators will seek to work out a new agreement to replace the current contract, which expires Nov. 30.

Melekh Freed In $50,000 Bail As Spy

NEW YORK (AP)—Igor Y. Melekh, United Nations secretariat employe accused of spying for the Soviet Union, goes free today on bail—but he is under federal court order to remain in Manhattan.

Melekh, 47, was ordered released Thursday in $50,000 bail. He spent Thursday night in the Federal House of Detention. He will be free pending a hearing next Wednesday on proceedings to move him to Chicago, where he was indicted with Willie Hirsch for allegedly seeking military maps and photographs of the Windy City for transmission to the Soviet Union.

The government vigorously protested the source of the bail money, which was produced in cash by two Soviet Embassy officials from Washington. The money was handed to Melekh's wife, Irina, who in turn gave it to the court.

Federal Judge Edward Weinfeld said Melekh must not go to the U.N., which is international territory.

Injured Youth Chases, Nabs Girl Motorist

A 17-year-old East Liverpool High School student, injured when knocked to the pavement Thursday afternoon by a car which failed to halt, leaped into a friend's auto and trailed the offending motorist until she halted in Chester, he told police.

Charles Davis Jr., son of Charles H. Davis, 1143 Ohio Ave., suffered injuries to the thigh and pelvic areas at 3:15 p. m. at Broadway and E. 4th St. when bumped by an auto.

Davis told police he learned the driver of the other auto was Miss Anita Dawn Hobbs, 19, of 315 3rd St., Chester. When the driver failed to halt after the mishap, he borrowed a friend's car and trailed Miss Hobbs until she halted at her brother's auto agency in Chester, he said.

The family took the injured youth to the office of a Chester physician, but finding the doctor out, continued to City Hospital. He was released after treatment, the hospital said.

Miss Hobbs told police she was driving south on Broadway in a line of traffic and noted three young men standing in the street. She said she halted and motioned for the three to cross, but Davis turned his back. As she started to proceed, Davis suddenly started across the street again and was bumped by her car, she related. Miss Hobbs told police she "couldn't get stopped" after the mishap, so continued to Chester.

DiSalle Says He's Against State Pay Tax

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle says he stands opposed to a state income tax or an increase in the sales tax—Ohio's largest single source of revenue.

The governor reminded newsmen of his position on taxes Thursday in commenting on published accounts of a speech made by Finance Director James H. Maloon in Cleveland Wednesday night.

Maloon, in an address before the Ohio Public Expenditure Council, said that although Ohio's financial position showed improvement, there is cause for concern over meeting minimum needs for state programs.

Malcon told the Cleveland group it was possible "to further revise existing taxes to produce more. The (3 per cent) sales tax could go to 4 per cent, its base could be broadened and other similar actions could be taken."

However, Maloon told the governor Thursday that his position on the question "was, and is, that I would advise against such an increase." He added that his remarks were not intended to apply to the next legislature.

DiSalle said he had opposed an increase in the sales tax to 4 per cent as proposed during the last session of the legislature.

"I also have opposed imposition of a state income tax as recently as when the AFL-CIO announced a legislative program in which they advocated a state income tax," the governor said.

Youth Killed As Ambulance Rams Truck

Columbiana Senior Dies In Accident At Highway Intersection

County's 1960 Traffic Toll

22 Killed

This date in 1959—25 Killed!

'DON'T DRIVE LIKE 60'

A 17-year-old Columbiana High School senior was killed when his ice cream truck was rammed by a speeding ambulance which went through a red light at the intersection of Routes 7 and 14 near Columbiana Thursday night at 6:45.

Woodrow Bauman, 17, of County Line Rd. near Columbiana was killed and the ambulance driver and 2 men with him were injured.

James E. Scanlon, 41, of Leetonia, operator of the Scanlon Ambulance Service and driver, along with Robert Ferguson, 47, of Leetonia and William Stockman, 50, of Columbiana, with him in the ambulance, were taken to Salem City Hospital.

The State Highway Patrol at Lisbon, still investigating the fatality, said young Bauman, son of Mr. and Mrs. Norman Bauman, died from a crushed skull and chest and internal injuries.

The youth, employed by the Country Maid Ice Cream Co. of Columbiana as a house-to-house salesman, was driving an ice cream truck north on Route 7 in the intersection.

Scanlon, en route to an injury accident which occurred 20 minutes earlier on Route 14 — involving the former Salem city solicitor —was sounding the siren with the red flasher light on the ambulance functioning, officers said.

The patrol said Scanlon, traveling at an "unreasonable" speed, failed to halt for the red traffic signal, and the 1960 Cadillac ambulance rammed the side of the moving truck.

Scanlon, charged with failure to halt for a traffic signal, was treated for multiple abrasions of the hands and right knee. Ferguson suffered abrasions of the forehead and left knee, while Stockman was treated for bruises and abrasions of the face and a fractured jaw.

The patrol said regulations call for an ambulance on an emergency trip to slow down at a traffic signal, then continue "with due regard for public safety."

Scanlon was answering a call to an accident scene a mile east of the intersection where a car driven by Atty. James D. Primm Jr., 33, of Superior Ave., Salem, had struck a utility pole.

The patrol said Primm's 1953 sedan veered off the road when he lost control on a curve, then crossed back over the roadway and struck the pole. Primm, who suffered a neck injury, was charged with reckless operation. He was treated at Salem City Hospital.

The death of young Bauman was Columbiana County's 22nd fatality this year, compared to 25 this time in 1959. He was the second northern county youth to die on Route 14 this week — Donald Lippiatt, 19, of Salem R.D. 1 was killed when his car skidded into the path of a truck a mile east of Washingtonville Tuesday.

Mr. Bauman was born Aug. 2,

County Shows New High For Absentee Vote

1,201 'Early' Ballots Issued At Deadline By Election Board

Civilian absentee voting hit a new high for Columbiana County when the deadline fell Thursday at 4 p. m. for issuance of the "early" ballots for Tuesday's general election.

The board issued 1,201 of the ballots, compared with 900 in the 1956 Presidential election and 927 in the 1952 balloting for the national office, Frank R. O'Hanlon, clerk of the board, explained.

Total issuance of early ballots stands at 1,633, including the 1,201 given civilian absentees. They include 390 issued to service personnel and civilians residing temporarily outside the U. S. and 42 for new Ohio residents qualified to vote only for President and vice president.

The civilian absentees had until noon today to return their ballots to the board's office if they're to be counted at the polls Tuesday.

At a meeting last night, the board rejected unacceptable applications, mainly for lacking notarization or the prospective voters' signatures. It also pushed arrangements for expediting tabulation and reporting of the returns after the polls close.

As Ohio is one of the pivotal states in the Presidential election, there will be nationwide interest in the returns, O'Hanlon pointed out. The board emphasized again to presiding judges that they must follow all instructions of the secretary of state's office and the county board on quick tabulation and reporting of returns.

Senator Speaks In Virginia

Kennedy Promises Sound Fiscal Policy If Elected

NORFOLK, Va. (AP) — Sen. John F. Kennedy told Virginia audiences today that he will defend the value of the dollar if elected president.

"Let me make it clear," Kennedy said in his speech prepared for delivery in Virginia, "I commit myself and my party to a sound fiscal policy in the 1960's."

Kennedy began the last-minute drive scheduled to take him through Virginia, Ohio, Illinois and to New York City today.

A howling, surging crowd of more than 10,000 cheered Kennedy at Granby High School in Norfolk.

Democratic officials told Kennedy that, in spite of reports to the contrary, they have every expectation that he will carry Virginia.

Gov. J. Lindsay Almond Jr., was among those who spoke.

Kennedy told the crowd he could not believe that Virginia, "the home of the Democratic party," would vote for Vice President Richard M. Nixon.

As before, he compared Nixon to President William McKinley and former Republican candidates Alfred M. Landon and Thomas E. Dewey.

Kennedy attacked the Republican administration for what he termed unsound economic policies.

"The failure of our present economic policies has become increasingly evident in the past few months as the danger signals of economic weakness have begun to mount," he said.

5 Killed When Plane Plunges Onto Freeway

ONTARIO, Calif. (AP)—A small plane piloted by a Los Angeles businessman fought for more than an hour to stay aloft in a rainstorm, then plunged onto a crowded freeway and exploded Thursday night.

Authorities said at least five persons were killed. The plane, piloted by wealthy auto dealer Robert A. Yeakel, 41, burst into countless small fragments near the east city limits of Ontario.

Four cars were struck by the hurtling wreckage, three of them demolished, according to witnesses. One motorist was fatally injured. All four persons on the plane were killed.

Yeakel, who tagged himself "The Lucky Dutchman" early in his business career, was a familiar figure on television which he used extensively for automobile advertising. He also was a desert land developer and in 1957 made an unsuccessful bid to become mayor of Los Angeles.

The crash scene was 25 miles east of Los Angeles.

Authorities said the victims, in addition to Yeakel, were his sons, Kenneth, 23, and Robert Jr., 14, and business associate Joseph Taylor, 41, of Newport Beach.

Jose Castanada, 48, an itinerant farm worker, was fatally injured when the wreckage hit his car.

Storm Clouds Closing In On U.N.'s Chief

UNITED NATIONS, N.Y. (AP) —Storm clouds closed in on Secretary-General Dag Hammarskjold from east and west today as the General Assembly prepared to take up charges by his chief Congo aide that Belgians are prodding the African state to the brink of disaster.

The sharply worded report by the Indian chief of the U.N. Congo mission, Rajeshwar Dayal, accused Belgian nationals of persuading Col. Joseph Mobutu's military regime to hamstring all normal political activity in the Congo and to foment lawlessness.

Dayal charged that Belgian nations are trying to dominate Mobutu's commissioners and seeking to "exclude or obstruct" U.N. technical assistance and influence.

Both Belgium and the Soviet Union are expected to assail the secretary-general when the report comes up for debate on the assembly Monday.

eign Minister Pierre Wigny probably would fly here to speak.

Belgian delegate Walter Loridan declined to comment on Dayal's report but indicated his government would have plenty to say when the issue hits the assembly floor. Loridan said Belgian For-

Soviet Deputy Foreign Minister Valerian Zorin said he had not studied the report fully.

Bar Operator Fined On Sale To 2 Minors

Chester Woman To Appeal; Hearing In Another Case Reset

A Chester tavern operator was fined on charges of violating West Virginia's beer law and a hearing was continued for another by Squire W. Eugene Allison Thursday night.

Both Fannie Derifield of Fannie's Tavern on Carolina Ave., and Russell Cook of Club 66 on W. Carolina Ave., Chester, pleaded innocent to charges of selling non-intoxicating beer to minors under 18.

Squire Allison of Chester fined the woman $100 and costs but she filed notice of appeal to the January term of Hancock County Circuit Court.

Cook's hearing was continued until Saturday morning at 10 at his request so that testimony could be heard from an additional witness.

They are among five licensees of Hancock County taverns named in warrants obtained last month by Probation Officer William Paolisso, charging them with selling non-intoxicating beer to minors.

Two 17-year-old boys from Newell and Rochester were arrested by county sheriff's deputies for intoxication and named the five taverns where they said they had been served drinks.

James E. White, licensee of Jim's Bar, known as Bob's Bar on Route 30 back of Chester, was acquitted about two weeks ago at a hearing before Squire John D. Herron of New Cumberland.

Carol Z. Mills of Sunset Inn on Route 2 also appealed his fine of $200 and costs to Circuit Court before Squire Herron. Mary Jobe of Mary's Place in Newell was fined $50 and costs on the charge of selling non-intoxicating beer to minors.

The two boys were detained in County Jail in New Cumberland for several days but later were released in the custody of their parents.

Man Gets Continuance On Gas Theft Charges

Municipal Judge Samuel M. Chertoff today granted a continuance until Thursday at 10 a. m. in a preliminary hearing which had been set this morning for James Ronald Glover, 104 Church St., Chester, one of four facing charges in connection with alleged theft of huge quantities of gasoline from a River Rd. tank farm.

The judge granted the continuance after Atty. George A. Aronson, defense counsel, advised the court he is busy with a civil action before Common Pleas Court at Lisbon.

Glover is free on $1,500 bond. He is accused specifically of theft of 500 gallons of gasoline Oct. 19 from the American Oil Co. terminal.

Miss Hobbs told police she was driving south on Broadway in a line of traffic and noted three young men standing in the street. She said she halted and motioned for the three to cross, but Davis turned his back. As she started to proceed, Davis suddenly started across the street again and was bumped by her car, she related. Miss Hobbs told police she "couldn't get stopped" after the mishap, so continued to Chester.

DiSalle Says He's Against State Pay Tax

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle says he stands opposed to a state income tax or an increase in the sales tax—Ohio's largest single source of revenue.

The governor reminded newsmen of his position on taxes Thursday in commenting on published accounts of a speech made by Finance Director James H. Maloon in Cleveland Wednesday night.

Maloon, in an address before the Ohio Public Expenditure Council, said that although Ohio's financial position showed improvement, there is cause for concern over meeting minimum needs for state programs.

Maloon told the Cleveland group it was possible "to further revise existing taxes to produce more. The (3 per cent) sales tax could go to 4 per cent, its base could be broadened and other similar actions could be taken."

However, Maloon told the governor Thursday that his position on the question "was, and is, that I would advise against such an increase." He added that his remarks were not intended to apply to the next legislature.

DiSalle said he had opposed an increase in the sales tax to 4 per cent as proposed during the last session of the legislature.

"I also have opposed imposition of a state income tax as recently as when the AFL-CIO announced a legislative program in which they advocated a state income tax," the governor said.

Melekh Freed In $50,000 Bail As Spy

NEW YORK (AP)—Igor Y. Melekh, United Nations secretariat employe accused of spying for the Soviet Union, goes free today on bail—but he is under federal court order to remain in Manhattan.

Melekh, 47, was ordered released Thursday in $50,000 bail. He spent Thursday night in the Federal House of Detention. He will be free pending a hearing next Wednesday on proceedings to move him to Chicago, where he was indicted with Willie Hirsch for allegedly seeking military maps and photographs of the Windy City for transmission to the Soviet Union.

The government vigorously protested the source of the bail money, which was produced in cash by two Soviet Embassy officials from Washington. The money was handed to Melekh's wife, Irina, who in turn gave it to the court.

Federal Judge Edward Weinfeld said Melekh must not go to the U.N., which is international territory.

Youth Killed As Ambulance Rams Truck

Columbiana Senior Dies In Accident At Highway Intersection

County's 1960 Traffic Toll

22 Killed

This date in 1959—25 Killed!

'DON'T DRIVE LIKE 60'

A 17-year-old Columbiana High School senior was killed when his ice cream truck was rammed by a speeding ambulance which went through a red light at the intersection of Routes 7 and 14 near Columbiana Thursday night at 6:45.

Woodrow Bauman, 17, of County Line Rd. near Columbiana was killed and the ambulance driver and 2 men with him were injured.

James E. Scanlon, 41, of Leetonia, operator of the Scanlon Ambulance Service and driver, along with Robert Ferguson, 47, of Leetonia and William Stockman, 50, of Columbiana, with him in the ambulance, were taken to Salem City Hospital.

The State Highway Patrol at Lisbon, still investigating the fatality, said young Bauman, son of Mr. and Mrs. Norman Bauman, died from a crushed skull and chest and internal injuries.

The youth, employed by the Country Maid Ice Cream Co. of Columbiana as a house-to-house salesman, was driving an ice cream truck north on Route 7 in the intersection.

Scanlon, en route to an injury accident which occurred 20 minutes earlier on Route 14 — involving the former Salem city solicitor —was sounding the siren with the red flasher light on the ambulance functioning, officers said.

The patrol said Scanlon, traveling at an "unreasonable" speed, failed to halt for the red traffic signal, and the 1960 Cadillac ambulance rammed the side of the moving truck.

Scanlon, charged with failure to halt for a traffic signal, was treated for multiple abrasions of the hands and right knee. Ferguson suffered abrasions of the forehead and left knee, while Stockman was treated for bruises and abrasions of the face and a fractured jaw.

The patrol said regulations call for an ambulance on an emergency trip to slow down at a traffic signal, then continue "with due regard for public safety."

Scanlon was answering a call to an accident scene a mile east of the intersection where a car driven by Atty. James D. Primm Jr., 33, of Superior Ave., Salem, had struck a utility pole.

The patrol said Primm's 1953 sedan veered off the road when he lost control on a curve, then crossed back over the roadway and struck the pole. Primm, who suffered a neck injury, was charged with reckless operation. He was treated at Salem City Hospital.

The death of young Bauman was Columbiana County's 22nd fatality this year, compared to 25 this time in 1959. He was the second northern county youth to die on Route 14 this week — Donald Lippiatt, 19, of Salem R.D. 1 was killed when his car skidded into the path of a truck a mile east of Washingtonville Tuesday.

Mr. Bauman was born Aug. 2,

County Shows New High For Absentee Vote

1,201 'Early' Ballots Issued At Deadline By Election Board

Civilian absentee voting hit a new high for Columbiana County when the deadline fell Thursday at 4 p. m. for issuance of the "early" ballots for Tuesday's general election.

The board issued 1,201 of the ballots, compared with 900 in the 1956 Presidential election and 927 in the 1952 balloting for the national office, Frank R. O'Hanlon, clerk of the board, explained.

Total issuance of early ballots stands at 1,633, including the 1,201 given civilian absentees. They include 390 issued to service personnel and civilians residing temporarily outside the U. S. and 42 for new Ohio residents qualified to vote only for President and vice president.

The civilian absentees had until noon today to return their ballots to the board's office if they're to be counted at the polls Tuesday.

At a meeting last night, the board rejected unacceptable applications, mainly for lacking notarization or the prospective voters' signatures. It also pushed arrangements for expediting tabulation and reporting of the returns after the polls close.

As Ohio is one of the pivotal states in the Presidential election, there will be nationwide interest in the returns, O'Hanlon pointed out. The board emphasized again to presiding judges that they must follow all instructions of the secretary of state's office and the county board on quick tabulation and reporting of returns.

5 Killed When Plane Plunges Onto Freeway

ONTARIO, Calif. (AP)—A small plane piloted by a Los Angeles businessman fought for more than an hour to stay aloft in a rainstorm, then plunged onto a crowded freeway and exploded Thursday night.

Authorities said at least five persons were killed. The plane, piloted by wealthy auto dealer Robert A. Yeakel, 41, burst into countless small fragments near the east city limits of Ontario.

Four cars were struck by the hurtling wreckage, three of them demolished, according to witnesses. One motorist was fatally injured. All four persons on the plane were killed.

Yeakel, who tagged himself "The Lucky Dutchman" early in his business career, was a familiar figure on television which he used extensively for automobile advertising. He also was a desert land developer and in 1957 made an unsuccessful bid to become mayor of Los Angeles.

The crash scene was 25 miles east of Los Angeles.

Authorities said the victims, in addition to Yeakel, were his sons, Kenneth, 23, and Robert Jr., 14, and business associate Joseph Taylor, 41, of Newport Beach.

Jose Castanada, 48, an itinerant farm worker, was fatally injured when the wreckage hit his car.

Storm Clouds Closing In On U.N.'s Chief

UNITED NATIONS, N.Y. (AP) —Storm clouds closed in on Secretary-General Dag Hammarskjold from east and west today as the General Assembly prepared to take up charges by his chief Congo aide that Belgians are prodding the African state to the brink of disaster.

The sharply worded report by the Indian chief of the U.N. Congo mission, Rajeshwar Dayal, accused Belgian nationals of persuading Col. Joseph Mobutu's military regime to hamstring all normal political activity in the Congo and to foment lawlessness.

Dayal charged that Belgian nations are trying to dominate Mobutu's commissioners and seeking to "exclude or obstruct" U.N. technical assistance and influence.

Both Belgium and the Soviet Union are expected to assail the secretary-general when the report comes up for debate on the assembly Monday.

Foreign Minister Pierre Wigny probably would fly here to speak.

Belgian delegate Walter Loridan declined to comment on Dayal's report but indicated his government would have plenty to say when the issue hits the assembly floor. Loridan said Belgian-Soviet Deputy Foreign Minister Valerian Zorin said he had not studied the report fully.

Bar Operator Fined On Sale To 2 Minors

Chester Woman To Appeal; Hearing In Another Case Reset

A Chester tavern operator was fined on charges of violating West Virginia's beer law and a hearing was continued for another by Squire W. Eugene Allison Thursday night.

Both Fannie Derifield of Fannie's Tavern on Carolina Ave., and Russell Cook of Club 66 on W. Carolina Ave., Chester, pleaded innocent to charges of selling non-intoxicating beer to minors under 18.

Squire Allison of Chester fined the woman $100 and costs but she filed notice of appeal to the January term of Hancock County Circuit Court.

Cook's hearing was continued until Saturday morning at 10 at his request so that testimony could be heard from an additional witness.

They are among five licensees of Hancock County taverns named in warrants obtained last month by Probation Officer William Paolisso, charging them with selling non-intoxicating beer to minors.

Two 17-year-old boys from Newell and Rochester were arrested by county sheriff's deputies for intoxication and named the five taverns where they said they had been served drinks.

James E. White, licensee of Jim's Bar, known as Bob's Bar on Route 30 back of Chester, was acquitted about two weeks ago at a hearing before Squire John D. Herron of New Cumberland.

Carol Z. Mills of Sunset Inn on Route 2 also appealed his fine of $200 and costs to Circuit Court before Squire Herron. Mary Jobe of Mary's Place in Newell was fined $50 and costs on the charge of selling non-intoxicating beer to minors.

The two boys were detained in County Jail in New Cumberland for several days but later were released in the custody of their parents.

Man Gets Continuance On Gas Theft Charges

Municipal Judge Samuel M. Chertoff today granted a continuance until Thursday at 10 a. m. in a preliminary hearing which had been set this morning for James Ronald Glover, 104 Church St., Chester, one of four facing charges in connection with alleged theft of huge quantities of gasoline from a River Rd. tank farm.

The judge granted the continuance after Atty. George A. Aronson, defense counsel, advised the court he is busy with a civil action before Common Pleas Court at Lisbon.

Glover is free on $1,500 bond. He is accused specifically of theft of 500 gallons of gasoline Oct. 19 from the American Oil Co. terminal.

Senator Speaks In Virginia

Kennedy Promises Sound Fiscal Policy If Elected

NORFOLK, Va. (AP) — Sen. John F. Kennedy told Virginia audiences today that he will defend the value of the dollar if elected president.

"Let me make it clear," Kennedy said in his speech prepared for delivery in Virginia, "I commit myself and my party to a sound fiscal policy in the 1960's."

Kennedy began the last-minute drive scheduled to take him through Virginia, Ohio, Illinois and to New York City today.

A howling, surging crowd of more than 10,000 cheered Kennedy at Granby High School in Norfolk.

Democratic officials told Kennedy that, in spite of reports to the contrary, they have every expectation that he will carry Virginia.

Gov. J. Lindsay Almond Jr., was among those who spoke.

Kennedy told the crowd he could not believe that Virginia, "the home of the Democratic party," would vote for Vice President Richard M. Nixon.

As before, he compared Nixon to President William McKinley and former Republican candidates Alfred M. Landon and Thomas E. Dewey.

Kennedy attacked the Republican administration for what he termed unsound economic policies.

"The failure of our present economic policies has become increasingly evident in the past few months as the danger signals of economic weakness have begun to mount," he said.

Kiwanians Hear Solicitor

Solutions For Municipal Parking Problems Aired

The use of a special assessment on merchants to finance city parking lots was among general methods employed to provide off-street parking listed by City Solicitor Joseph Cooper at a meeting of the Kiwanis Club Thursday.

In a discussion of municipal parking problems here and in other communities, Cooper said East Liverpool needs four or five more parking lots to handle shoppers' and workers' cars and to implement improved traffic flow in the downtown area.

—:—

THE SOLICITOR said lots could be obtained to provide parking centers near the main approaches of the downtown, so as to keep traffic out of the business section.

He said such lots could be placed near Pennsylvania Ave., St. Clair Ave., the routes from Chester and from Wellsville.

A municipality can obtain such lots by paying cash, which is not feasible here, he said, by general obligation bonds — repaid by revenue from the lots — or by mortgage revenue bonds which have a high interest rate, the solicitor explained.

A new method now being used is a special assessment on businessmen after the space is obtained by the city.

"You may be asked to comment upon this and other methods in the future," Cooper told the service club. He said at Painesville, businessmen endorsed an assessment and even asked for such a program.

—:—

HE SAID another means of financing would be to combine the assessment with partial payment through the general obligation bonds, cutting the cost for the merchants.

Providing adequate parking space has become a problem for all cities because people have come to drive into downtown areas instead of utilizing buses and other transportation, he said.

People demand parking close to merchants, otherwise they go shopping elsewhere to take advantage of better facilities.

Cooper pointed out the loss of shoppers means the city loses out on sales tax revenue, business profits fall, real estate and personal property tax revenue declines and the burden of the cost of government falls upon the local property owner.

—:—

"THE RESPONSIBILITY for parking facilities rests either with private concerns or with the city," Cooper declared. In referring to the private lots in East Liverpool, he said it has been found that they are inadequate to meet the demands of peak periods.

He explained that if private concerns obtained enough space to handle these peak periods, the operation would be so costly no profit would be made.

The solicitor said he believes the city program would be better, because it could be planned in relationship to the overall traffic system and could be financed more easily.

Furthermore, the city has the right of eminent domain to acquire property needed for space, and could subsidize parking lots if they substituted for street space and adequately met parking needs.

—:—

A CITY program would have more permanency than a private parking system because private owners may sell the space for other uses, he added. Furthermore, the city has a better system of enforcement of parking rules with its meter maids, police officers and court.

Cooper explained curb parking meters have been in effect since about 1947, while off-street parking lots were begun in 1957 with a lot adjacent to the City Hall. Others were added opposite the City Hall and at 3rd and Market Sts.

The curb meters were paid off quickly, he explained, but the other E. 6th St. lots, financed through general obligation bonds, are being paid off more slowly. The one at City Hall, costing $20,000 for land and meters, earns about $3,000 a year with 24 spaces, the other, costing $18,500, earns about $1,400 from 11 lanes.

—:—

THE CITY'S annual take from parking meters is about $60,000 plus $15,000 from fines and penalties.

Parkers are divided into short-time visitors, such as shoppers, those on errands or making deliveries, and long-time parkers, such as businessmen, salesmen and professional people who park all day.

Cooper said an overall parking program has to be designed to accommodate the different parkers. In the central business district, short-time parking is provided with limited time periods and higher rates. Longer periods and moderate rates are assigned the secondary areas, and long hours and cheap rates are provided in the city perimeter.

—:—

PRIVATE PARKING programs should not be discouraged he declared, for East Liverpool would be in a difficult situation were it not for the Community Parking Lot.

But the city program, co-ordinated with traffic planning, has more advantages, he concluded.

David (Pete) Beatty was program chairman.

Rackets Figure Eyes U.S. Supreme Court

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has cleared the way for Mike Farah, Warren rackets figure, to appeal his assault and battery conviction to the U.S. Supreme Court.

The state court took the action Thursday when it agreed to stay its entry on Wednesday's denial of a rehearing for Farah. He had appealed to the high court from its earlier refusal to review his case.

Farah was sentenced to four months in jail and fined $200 following an altercation with Jean P. Blair, former Trumbull County Republican chairman, outside Farah's home in Warren last summer. Execution of the sentence has been delayed pending outcome of litigation.

Farah has 90 days to make his appeal to the U.S. court.

Man Killed In Truck Smashup, Gasoline Fire

PAINESVILLE, Ohio (AP) — A Youngstown man was killed and 5,000 gallons of gasoline went up in flames as the result of a truck smashup near here Thursday.

Dead was Richard J. Schnell, 25. The Highway Patrol said the Standard Oil Co. gasoline tank truck apparently went out of control on a winding downgrade where Ohio 528 approaches a bridge across Grand River.

Plunging 39 feet down an embankment, the trailer caught fire. The tractor separated from the trailer and also caught fire. Schnell, who either jumped or was thrown out, was trapped under the cab and was burned beyond recognition.

Both were sentenced by Judge Raymond S. Buzzard. They were indicted by the September Grand Jury.

Kiwanians Hear Solicitor

Solutions For Municipal Parking Problems Aired

The use of a special assessment on merchants to finance city parking lots was among general methods employed to provide off-street parking listed by City Solicitor Joseph Cooper at a meeting of the Kiwanis Club Thursday.

In a discussion of municipal parking problems here and in other communities, Cooper said East Liverpool needs four or five more parking lots to handle shoppers' and workers' cars and to implement improved traffic flow in the downtown area.

—:—

THE SOLICITOR said lots could be obtained to provide parking centers near the main approaches of the downtown, so as to keep traffic out of the business section.

He said such lots could be placed near Pennsylvania Ave., St. Clair Ave., the routes from Chester and from Wellsville.

A municipality can obtain such lots by paying cash, which is not feasible here, he said, by general obligation bonds — repaid by revenue from the lots — or by mortgage revenue bonds which have a high interest rate, the solicitor explained.

A new method now being used is a special assessment on businessmen after the space is obtained by the city.

"You may be asked to comment upon this and other methods in the future," Cooper told the service club. He said at Painesville, businessmen endorsed an assessment and even asked for such a program.

—:—

HE SAID another means of financing would be to combine the assessment with partial payment through the general obligation bonds, cutting the cost for the merchants.

Providing adequate parking space has become a problem for all cities because people have come to drive into downtown areas instead of utilizing buses and other transportation, he said.

People demand parking close to merchants, otherwise they go shopping elsewhere to take advantage of better facilities.

Cooper pointed out the loss of shoppers means the city loses out on sales tax revenue, business profits fall, real estate and personal property tax revenue declines and the burden of the cost of government falls upon the local property owner.

—:—

"THE RESPONSIBILITY for parking facilities rests either with private concerns or with the city," Cooper declared. In referring to the private lots in East Liverpool, he said it has been found that they are inadequate to meet the demands of peak periods.

He explained that if private concerns obtained enough space to handle these peak periods, the operation would be so costly no profit would be made.

The solicitor said he believes the city program would be better, because it could be planned in relationship to the overall traffic system and could be financed more easily.

Furthermore, the city has the right of eminent domain to acquire property needed for space, and could subsidize parking lots if they substituted for street space and adequately met parking needs.

—:—

A CITY program would have more permanency than a private parking system because private owners may sell the space for other uses, he added. Furthermore, the city has a better system of enforcement of parking rules with its meter maids, police officers and court.

Cooper explained curb parking meters have been in effect since about 1947, while off-street parking lots were begun in 1957 with a lot adjacent to the City Hall. Others were added opposite the City Hall and at 3rd and Market Sts.

The curb meters were paid off quickly, he explained, but the other E. 6th St. lots, financed through general obligation bonds, are being paid off more slowly. The one at City Hall, costing $20,000 for land and meters, earns about $3,000 a year with 24 spaces, the other, costing $18,500, earns about $1,400 from 11 lanes.

—:—

THE CITY'S annual take from parking meters is about $60,000 plus $15,000 from fines and penalties.

Parkers are divided into short-time visitors, such as shoppers, those on errands or making deliveries, and long-time parkers, such as businessmen, salesmen and professional people who park all day.

Cooper said an overall parking program has to be designed to accommodate the different parkers. In the central business district, short-time parking is provided with limited time periods and higher rates. Longer periods and moderate rates are assigned the secondary areas, and long hours and cheap rates are provided in the city perimeter.

—:—

PRIVATE PARKING programs should not be discouraged he declared, for East Liverpool would be in a difficult situation were it not for the Community Parking Lot.

But the city program, co-ordinated with traffic planning, has more advantages, he concluded.

David (Pete) Beatty was program chairman.

Rackets Figure Eyes U.S. Supreme Court

COLUMBUS, Ohio (AP) — The Ohio Supreme Court has cleared the way for Mike Farah, Warren rackets figure, to appeal his assault and battery conviction to the U.S. Supreme Court.

The state court took the action Thursday when it agreed to stay its entry on Wednesday's denial of a rehearing for Farah. He had appealed to the high court from its earlier refusal to review his case.

Farah was sentenced to four months in jail and fined $200 following an altercation with Jean P. Blair, former Trumbull County Republican chairman, outside Farah's home in Warren last summer. Execution of the sentence has been delayed pending outcome of litigation.

Farah has 90 days to make his appeal to the U.S. court.

Guides will register and conduct the parents through the building. Theme for the week is "Strengthening Schools for the Sixties," Miss Betty Buban and Mrs. James Waggle, co-chairmen, said.

Firemen Plan Dance, Treat For Children

Plans for a public dance Dec. 2 and the annual Christmas treat for Chester children Dec. 24 were made at a meeting of the Chester volunteer fire department Thursday night at the fire station.

The public round and square dance will be held at the City Hall auditorium with George Miller's orchestra of East Liverpool. The dance committee includes Harry Huff, chairman, Percy Willison, Harley Freeman and Alton Johnson.

Santa Claus will distribute treats from the fire truck in the annual holiday children's program. Johnson is chairman of the committee, which includes Lee Haney, George Allison, Huff and Rex Cowey.

Ray Gibbs, chairman of the Halloween street dance Oct. 28, reported $196 was netted from the bake sale and lunch stand and $72.50 was received in contributions during the week.

Blaine Dotson and Richard Shingler were accepted as probationary firemen for a one-year period.

Prices will be obtained for a portable pump to be used for pumping water from flooded basements and for rural fires.

Lunch was served 20 by Allison, Donald Hissam and Roy Gibbs. Chief William Glover presided. The next meeting is Dec. 1.

Man Killed In Truck Smashup, Gasoline Fire

PAINESVILLE, Ohio (AP) — A Youngstown man was killed and 5,000 gallons of gasoline went up in flames as the result of a truck smashup near here Thursday.

Dead was Richard J. Schnell, 25. The Highway Patrol said the Standard Oil Co. gasoline tank truck apparently went out of control on a winding downgrade where Ohio 528 approaches a bridge across Grand River.

Plunging 39 feet down an embankment, the trailer caught fire. The tractor separated from the trailer and also caught fire. Schnell, who either jumped or was thrown out, was trapped under the cab and was burned beyond recognition.

Donald W. Elliott For Senate

Columbiana County voters will have a voice in electing a second state senator to represent the 20th-22nd District in Tuesday's balloting.

Atty. Donald W. Elliott of Rogers, a Republican, is opposing Atty. Edmund Sargus of St. Clairsville, a Democrat.

The second senator is being elected under periodic reapportionment which allows the district two members of the upper chamber. The 20th-22nd District includes Columbiana, Jefferson, Belmont and Harrison counties.

Sen. Arthur Blake of Martins Ferry is the incumbent, having been elected two years ago to a four-year term. He is a Democrat, like Mr. Sargus. Both are from Belmont County.

This section of the district deserves representation. We feel Mr. Elliott could supply such representation in a capable manner.

He has practiced law since 1935 and has been active in numerous civic-minded programs. He has the ability to serve in the state Senate. He not only would be good for this section of the 20th-22nd District, but for the district as a whole.

We recommend Mr. Elliott's election.

Even Castro Must Understand It

The unhappiest turn that events can take when foreign policy is being argued in a national campaign is for a foreign leader to overestimate what looks to him like evidence of weakness. This has happened.

Kaiser Wilhelm, Adolf Hitler, Benito Mussolini and the Japanese warlords all made the mistake of overestimating what they had read about disagreements in the United States.

It looked to them as if the American people were so divided by their political differences that they could not unite. They were wrong. Even Castro, who knows next to nothing about the Americans he spends so much time reviling, must understand that we rip up one another in politics because we are strong enough to afford it.

Castro has his finger on the trigger that could blast off immediate and explosive military action. All he needs to do to blow himself into the line of fire is to let any part of the armed forces of Cuba, or anyone on Cuban soil with official permission — any Chinese, Russian or the agent of any other country — to make a hostile move against the U. S. Naval Station at Guantanamo. Even cutting off the water supply would be a hostile act.

President Eisenhower has told Castro the United States will defend Guantanamo. Vice President Nixon has told him the United States will defend Guantanamo. Sen. Kennedy has gone further and has told him the United States should have turned hostile toward Cuba when it began to seize U.S. property.

There is not the slightest possibility of misunderstanding. The United States will not be run out of its Naval station in Cuba without putting up military resistance.

If Guantanamo is going to be the trigger to start a war, Fidel Castro can pull it at will. The gun is loaded. It can blow him and his crowd to Kingdom Come.

Don't Run For The Hills Yet

It isn't popular in Democratic circles right now to see anything good about the country's economic prospects. Kennedy campaigners are working with might and main to spread the idea that the United States has lost all its steam and drive and the only way to restore them is to proclaim a state of emergency and turn over the government to their candidate and his retinue of feverish repairmen.

The only trouble with this is that there are more people working than at any time in the nation's history. Unemployment arising from the brutal shock of last year's steel strike is not general but regional.

Gross national product — the GNP that economists are always referring to — is higher than at any time in the nation's history—over a half trillion dollars.

THE PROSPECTS for consumer spending, insofar as they can be measured with accuracy, are reported to be as good as they were last spring.

The president of the United States Savings and Loan League, W. O. DuVall of Atlanta, Ga., has just declared there was a record inflow of savings in the first nine months of 1960. The total is better than $5 billion, and the savings associations now hold a record total of some $60 billion. All this money is potential buying power.

Meanwhile, consumers are reported to be catching up on installment debts for purchases made in previous years. The automobile industry, with an attractive line of merchandise, is looking forward to a boom year.

Capital earmarked for expansion of industrial properties and new equipment is present in the same proportions as it was this year, when it was 10 per cent above 1959.

Everything that would be required to constitute boom times if the feverish repairmen of the Fixit Crowd were running the government is present. But because the prime objective of the moment is to clear the decks so the Fixit Crowd can move in, the strategy is to make it appear that America has gone to pot.

NOTHING OF THE KIND has happened. But something has happened that's pretty grim.

In thousands of the decision-making minds whose judgment puts the dynamic energy into the American system of enterprise there is a gnawing doubt about what the future may hold if the Fixit Crowd gets back into Washington next January.

When it was there last, it was hell bent on government regimentation of business. It hung on to federal price controls. It clung to emergency powers to take over business. It had a weakness for seizing private property; it once gobbled up the steel industry overnight.

Is it any wonder that some decisions are being postponed, that some of the enterprise that would betoken confidence is marking time until Election Day reveals whether the economy is in for another horsewhipping like the one it took the last time the New Deal was in Washington and never moved the economy off dead center until World War II set off a war boom?

By H. I. Phillips

The Once Over

Debating, speech-making and fighting for the presidency, both candidates have left unanswered many questions asked by voters.

Neither has given his views on women's winter hats or taken a stand against the narrow brims on men's headgear. What have they promised to do about the dollar oyster-cocktail?

Are we to expect anything from them in an all-out war on the 90-cent martini, the thimble of beer at 25 cents a throw, caraway seeds on rolls, the 45-cent hamburger, and watered catsup and the paper-napkin designed for midgets?

Has Sen. Kennedy said a word about the $1.75 haircut or indicated he would try to bring back the $5 hotel room, the 10-cent ice-cream soda, the nickel hot dog or the roadside restaurant that served potatoes in any other form than French fried?

We now demand that each state his position on the following matters:

1. Will you fight for the use of seasoned lumber in new homes and partitions that do not sway in cross ventilation?
2. Can we depend on you to make war on sound-trucks, and limit pneumatic drillers to five crews per city block?
3. Are you for a law to jail people who put chewing gum on bedposts and theater seats?
4. Will you keep the American dollar so sound we will never get less than a dime in change when we pay for an article not really worthy of a quarter?
5. Are you for horns or sirens on supermarket metal carts?
6. Do you think bowling alleys are getting so numerous they may soon outnumber bowlers?
7. Will you have a TV policy demanding that the dramas make sense and that in the interest of fairness the district attorney in a Perry Mason mystery win a case or get a photo finish?

DANNY KAYE is the only comedian we have seen who can take three bows for a commercial. His first TV show had great moments but no funnyman can hold an audience alone for a full hour.

Gen. Maxwell Taylor, famed warrior who made the first parachute drop in Normandy has been named head of New York's Lincoln Square Center for Performing Arts. Does this indicate directors know there will be a hard battle to get it finished on time? Or that landing by parachute is a performing art?

All Sen. Kennedy has to do to get a big crowd is be sure all the Kennedys show up.

The famous State of Maine Express, New Haven Railroad special for half a century, is no more. It has been taken off following Boston & Maine suspension of service which formerly took over express from New Haven Railroad at Worcester, Mass.

American Medical Association says costs of illness is not rising, but falling compared with costs in other phases of life. It points out that men's haircuts have gone up 218 per cent, double the rises in all fields of medicine except hospital care. Maybe so, but a haircut isn't necessary to save your life, and you don't get sicker and sicker if you let it grow around the ears. Furthermore, you don't need a prescription for a haircut and a shave.

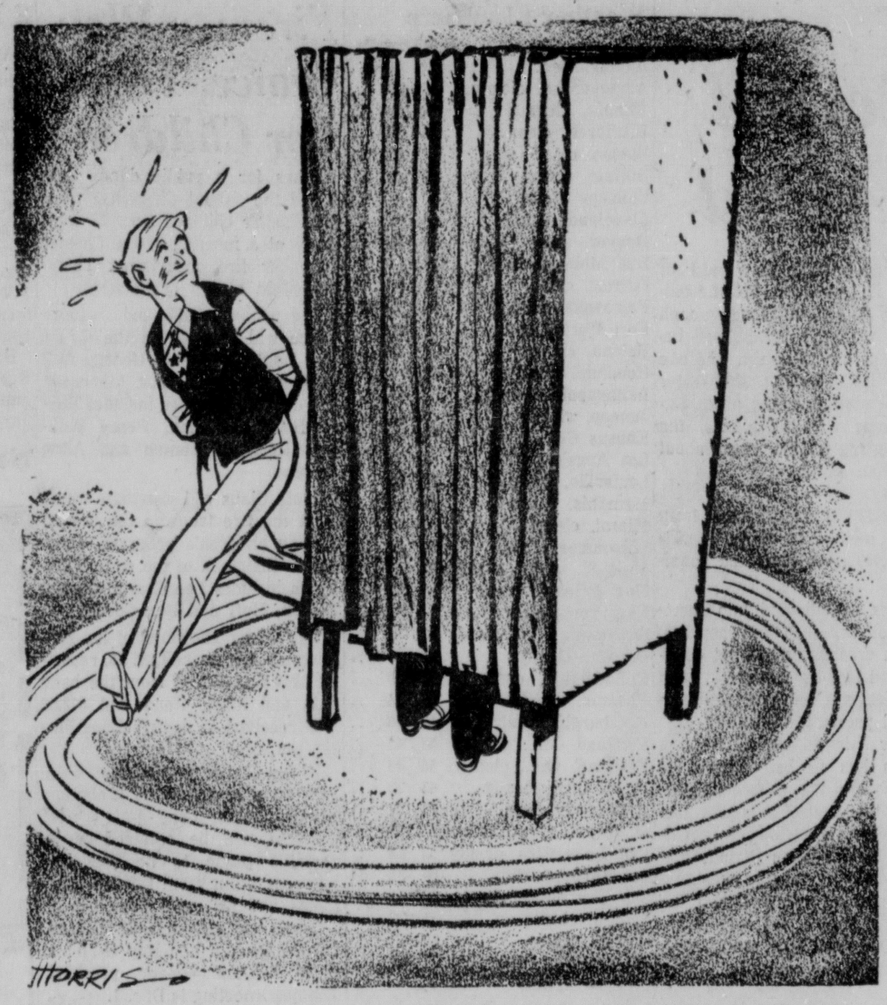

AFTER SEVEN WEEKS trial the 7:30 theater curtain has been abandoned by Broadway. It has been found completely impossible to get the typical New York playgoer to accept comfort, leisurely travel and a show that begins before he has been trampled upon by late arrivals.

Thirteen big unions are starting chain of cut rate drugstores so members can get medicines without cracking a safe. Each union member will pay $1 a year which will provide $350,000 pot. This could start a stampede by general public to join a union. Chain expects to cut drug prices 30 per cent through mass purchasing, economy packaging, low inventories and lower overhead.

Union Picture—Dollar By Dollar

By Victor Riesel

KANSAS CITY:

If anybody asks what's better than money in an election fight—it's manpower. Labor has plenty of both. Labor spent plenty of both in this presidential race.

Victor Riesel

My estimate has the unions putting out some $10 million.

This is based on a regional survey, area by area, during which I listed on charts the cost of hundreds of radio and television programs, tons of literature, thousands of floats, trucks and loudspeakers, meeting halls, $100-a-plate dinners, actual transportation, an advertising airplane, motion picture production, lotteries, hotel bills, specially constructed switchboards and even prize money for extra enthusiasm and the expenditures of citizenship and political education funds.

Of course, this will be a controversial figure. But it adds up, dollar by dollar, as I entered it day by day from the mass of official statements, lists of meetings and announcements of the results of money drives such as the machinists Non-Partisan Political League. With its "Hour's Pay to Keep the Depression Away" drive, this unit of the International Association of Machinists raised $140,745.50.

THE STEELWORKERS Political Action fund reported contributions of $192,592 to various Democratic committees. The auto workers Committee on Political Education spent $40,902 in direct contributions and the oil workers spent $18,398 for Democratic candidates since Sept. 1.

The $10 million figure could easily be twice that. No one can ever estimate what was spent by tens of thousands of local unions.

These estimates include labor's greatest organizing drive in its political history — the registration offensive. This estimate includes money raised for the Republicans as well.

The millions include the $5,000 given the labor people here for their registration drive, as well as the teamsters brotherhood's million. The $5,000 alloted the Kansas City unions came out of a $650,000 registration fund raised by the national AFL-CIO.

This money was raised by a five cent per member tax - the first such levy for such a drive in labor's political history.

There was another tax by another labor force. Jimmy Hoffa, who took Jack Kennedy as a personal insult, had said that his teamsters would be throwing 50 cents a man a month in his union's political war chest. This would have given him more than $6 million.

A FEW DAYS ago, the teamsters leaked the story that they had spent $1½ million. Add to this statistic the fact that many of Hoffa's 53 joint councils spent between $25,000 and $50,000 and the figure almost doubles. And Hoffa himself said $1,000 came out of his own pocket.

All through this personal adding machine operation I worked on minimum sums. David Dubinsky, leader of both the Ladies Garment Workers Union and the New York Liberal party, estimated that the national labor movement would spend between $2-3 million.

This did not include the local expenditures I've described. For example, there is the auto union's vast registration drive. This was built on a machine which was turned into a vote getting apparatus.

Let's look at Walter Reuther's aides' activity in northern New Jersey — typical of what happened in other areas.

There for over a month prior to registration, the auto union had some 500 persons — mostly college students — out every night. They were paid $5 apiece for their door-to-door polling of prospective voters. The cost there alone ran upwards of $75,000. That was just one part of one state.

IN NEW YORK STATE the AFL-CIO spent $35,000 for two series of nine and 10 city hookups for Jack Kennedy, Herbert Lehman, Mayor Robert Wagner and others.

In Vermont, there was a $10,000 expenditure for one congressional candidates's air time.

The Communication Workers of America went on 50 TV stations with two 15 - minute pro-Kennedy and Johnson shows. Estimated cost — upwards of $60,000.

The AFL-CIO Committee on Political Education has spent $750,000. And then there is the money raised by Matthew McCloskey of the Democratic National Committee. He, with George Meany's permission has been telephoning national unions in a fairly successful drive to raise $1½ million for TV shows. There were literally hundreds of broadcasts sponsored by such unions as the steel workers, the auto workers, the garment workers, and state and city labor councils.

Thus, dollar by dollar, broadcast by broadcast, banquet by banquet, rally by rally, it added up to the $10 million and more.

President's Tactics Vary

By James Marlow

WASHINGTON

President Eisenhower's tactics against Sen. John F. Kennedy vary in his campaign effort to help Vice President Richard M. Nixon win the presidency.

He has played it hot, and he has played it cool. Cool is more in the line of this master politician who now may be making the final political effort of his life.

Last Friday night in Philadelphia he scalded Kennedy a bit, although without mentioning his name. In his Wednesday night speech in New York Eisenhower used a cool feather duster.

The former had a touch of the campaign he himself made against Adlai Stevenson in 1952. The latter was like his campaign against Stevenson in 1956.

That cool technique—which really means don't be too harsh on the man—has worked extremely well for Eisenhower throughout his presidency. Still, it's questionable whether this is the right technique to help Nixon now.

What may be needed from Eisenhower at this time—if he is going to swing any votes when polls are saying Kennedy is ahead —is a slashing, direct attack on the senator. The Nixon camp reportedly would prefer that.

In Philadelphia, in statements which could be considered aimed at Kennedy without naming him, Eisenhower spoke against "arrogance," "rashness" "irresponsibility." None of this was in his New York speech. He made only one allusion to Kennedy—his contention that American prestige has dwindled.

If a successful politician can be described as a man who knows how to stay highly popular while getting himself re-elected, then Eisenhower is one of the master politicians of the 20th century.

The proof is his overwhelming victories, without any previous role in politics, in 1952 and 1956. There are some who think he would beat Nixon or Kennedy easily right now if he could run for a third term.

But one of the secrets of his political success has been his ability to stay out of personal embroilments. One way of doing it is to avoid personal attacks. To put it another way, to attack without name-calling.

Eisenhower has made a career of that technique in the presidency. This has pretty much compelled anyone, with an inclination to attack him personally, to lay off.

The greater part of Kennedy's campaign has been based on criticism of Eisenhower's administration. But Kennedy does not name the President and has carefully avoided any direct conflict with him.

This works both ways, of course, and may have a discouraging effect on any Eisenhower inclination to get savage with Kennedy.

Where does that leave Nixon in these last few days before election when apparently he feels the greatest need for Eisenhower to demolish Kennedy, if he can?

He seems caught in the middle between two political techniques—Eisenhower's and Kennedy's—which call for wounding without blood-letting.

It seems fair to conclude—judging from the way Eisenhower toned down his New York speech after the one in Philadelphia—that while the President wants to help Nixon, his campaign for him will be something short of all-out.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — The new wading pool was completed at Harmon playground in Wellsville.

Three thousand six hundred forty-three pupils were given physical examinations in Hancock County schools.

The improvement of Nevada St., Wellsville, where sewers and drains were placed in condition and the roadway leveled, was completed.

TWENTY YEARS AGO — The British Knitting Club realized $175 from a benefit card party. Proceeds were to be used for the purchase of an ambulance to be sent to England and identified as "From East Liverpool Ohio to Liverpool, England."

A silken American flag purchased by American Legion Post 4 was presented to the East Liverpool High School band.

D. W. McGraw was re-elected president of the blind class in the WPA adult education movement.

TEN YEARS AGO — Traditionally Democratic Wellsville kicked up its political heels and went down the line for Republican candidates with one exception.

Democrats dominated Hancock County's vote, with only one Republican being elected.

Four Columbiana County school districts approved bond issues at the general election providing $310,000 for construction of new buildings or improvements in existing classroom facilities.

The dubious distinction of being "the most dangerous sport" might be applied to mountaineering. A few years ago, the Swiss Alpine Club reported that more than 1,100 persons died in the Alps between 1935 and 1951. Of these, 77 were climbing alone and 515 without guides.

Election Forecast

By David Lawrence

Catholic Shift Upsets Traditional Formula

The time has come to write a final forecast on the outcome of the election, as this correspondent has done in 11 presidential contests. Nine of these turned out to be right.

David Lawrence

The formula used disregards personalities, campaign oratory, crowds and claims of the rival political camps.

In 1920, James M. Cox, Democrat, the better personality, the better campaigner and the better exponent of issues, was defeated by a landslide. Similarly, in 1924, John W. Davis, Democrat, the better equipped man and the more popular personality, was defeated.

Few candidates have had a more attractive personality than Al Smith, Democrat, but in 1928 he went down to defeat in a landslide because of the prosperity issue and the "wet" issue.

Wendell Willkie drew the bigger crowds in 1940 but lost because an emotional issue — the war situation — was dominant, and it meant an improvement in employment.

This writer has appraised every presidential campaign on the basis of two sets of factors — emotional issues and economic issues.

The emotional issues cover, for instance, the question of peace or war. The economic issues cover "pocketbook" problems, such as unemployment, cost of living and business conditions in different sections of the country.

ON THE BASIS of the two main categories of issues, this writer would have no hesitation in predicting the election of Vice President Nixon. The case for a change of party has not been persuasive and the areas where economic conditions are good outweigh those in which they are bad.

The Eisenhower administration has kept the country out of war and has exercised restraint as against provocations to war.

Something else, however, has arisen which can be classified as "emotional." It is the so-called "religious issue." This has been given various interpretations and has usually been thought to mean that the anti-Catholic propaganda would draw enough Protestant Democrats away from their ticket to be decisive in electing Mr. Nixon.

It turns out, according to the latest Gallup Poll, that there is a Catholic bloc amounting to perhaps as many as five million who will turn from the Republican party and give Sen. Kennedy the victory.

There will be some turning from the Democratic party on the part of Protestants in the South and in some other states but the number apparently will not appreciably affect the results, as it is not big enough to offset the enormous defection of Catholic Republicans, especially in the populous states to which are allocated large electoral votes.

On this basis, the election of Sen. Kennedy is assured and the result in the electoral college may not even be close.

Enough electoral votes to win may be gained in the big states of the North and West, without regard to his losses in the South.

Indeed the Catholic bloc may well swell the totals for the Democrats in nearly all the northern states.

MANY CATHOLICS, of course, especially in the middle and upper income groups, will stick with the Republican ticket but the Gallup Poll shows that, while Mr. Eisenhower got 49 per cent of the total Catholic vote in 1956, only about 21 per cent will be for Mr. Nixon, with 79 percent going to Sen. Kennedy. nedy.

The switch is not, of course, entirely due to religion but doubtless to other issues, such as local economic conditions.

Anything like a change of 28 per centage points on a nationwide basis is, however, phenomenal and no other religious group shows such a shift this year, according to the Gallup Poll.

This writer believed early in the campaign — before the Gallup Poll was made — that the "religious issue" would not be consequential, as one prejudice would offset the other. The latest data indicate that its effect will be one-sided — that it is pro-Kennedy.

For the record, therefore, this writer is giving his judgment without taking into account the religious factor. Instead, weight is given to the preponderant sentiment of the country, which favors continuity of foreign policy and is against possible involvement in war that might come through a change in personnel in high places.

Prime importance is attached, moreover, to the economic conditions of the country according to available data on personal incomes generally and on farm income and to the impact of unemployment in certain states.

IT IS SIGNIFICANT that in many states the people as a whole are enjoying the highest personal income in our history.

Here is the table, based on a combination of these two customary factors but eliminating entirely the religious issue:

Ariz.	4	N. H.	4
Calif.	32	N. J.	16
Colo.	6	N. Y.	45
Del.	3	N. D.	4
Fla.	10	Ohio	25
Hawaii	3	Okla.	8
Idaho	4	Ore.	6
Ill.	27	S. Da.	4
Ind.	13	Utah	4
Kan.	8	Vt.	3
Maine	5	Va.	12
Md.	9	Wash.	9
Neb.	6	Wis.	12
Nev.	3	Wyo.	3

For Nixon: Total 288 (needed to win 169).

If all the southern states with a favorable economic climate were included, such as Texas and North Carolina, it would run the total for Mr. Nixon higher or would offset in large part a possible loss of some of the above northern states, like New York. So this represents a table based on the minimum necessary to win, rather than the actual line-up of all the states where economic conditions as a whole are good.

On the basis of the indicated Catholic shift, which will affect nearly all states, this writer expects to see a Kennedy majority in electoral votes.

The Great Reform

By Truman Twill

Finally, things got so fouled up the 50 states went together to hire an efficiency outfit to reform the election system.

It wasn't a very big job, as a matter of fact. All the things that needed to be done had been obvious so long the new setup practically made itself.

The big thing was compulsory voting. Every person who had not been denied the right to vote because of conviction for grand larceny, treason, a dishonorable discharge from the armed services, or failure to take out citizenship papers was required to vote or forefeit the $500 bond that every citizen was required to post upon reaching voting age.

This reform got rid of segregation before you could say Jackie Robinson. It did away forever with voter apathy and violations of civil rights. It gave the one-party cities and states a two-party system at long last.

The next biggest thing was to make Election Day a national holiday and simultaneously to change it from Tuesday to Monday, making it the second half of a double holiday. Then to make doubly sure everyone would have a crack at a ballot box, the polls were ordered kept open both days, which was none too long in view of the fact 100 per cent of the electorate would be using them.

The third master-move by the efficiency experts was the universal registration card.

Each qualified elector was given an indestructible certificate of pocketbook size when he made his $500 franchise bond. Every five years when the bond was reviewed and renewed, the elector was given a fresh card.

Every time he voted, a punch mark was made for that year's election. Thus, no matter where he voted in the United States for president and vice president, his vote could be tabulated. Fraud was impossible.

For local and state contests, the old system was kept in effect — but with a few improvements.

For one thing, the permanent registration card also was put to use for local and state voting. Anyone at any time and in any part of a state could vote for a state candidate by producing his card; he did not need to be in his home precinct.

For another thing, it finally was admitted that first things came first. Tabulations for minor offices were deferred until several days after tabulations for major offices. There was no hurry about the local offices.

One more thing. A million-dollar prize, tax-bite prepaid, was offered for an electronic vote tabulator, tamper-proof, lightning-fast and easy to use and understood — something that could be transported easily and used for other calculating and tabulating work in the off-season. The prize produced quick results. In no time it had become possible to know within five minutes after the polls closed how everything had turned out.

Once and for all there was an end to primitive tabulating methods that left every close race open to doubt and put elections at the mercy of fast shuffles, double deals and sleight-of-hand.

It was worth waiting for — the reform that finally brought the election system up to date.

Donald W. Elliott For Senate

Columbiana County voters will have a voice in electing a second state senator to represent the 20th-22nd District in Tuesday's balloting.

Atty. Donald W. Elliott of Rogers, a Republican, is opposing Atty. Edmund Sargus of St. Clairsville, a Democrat.

The second senator is being elected under periodic reapportionment which allows the district two members of the upper chamber. The 20th-22nd District includes Columbiana, Jefferson, Belmont and Harrison counties.

Sen. Arthur Blake of Martins Ferry is the incumbent, having been elected two years ago to a four-year term. He is a Democrat, like Mr. Sargus. Both are from Belmont County.

This section of the district deserves representation. We feel Mr. Elliott could supply such representation in a capable manner.

He has practiced law since 1935 and has been active in numerous civic-minded programs. He has the ability to serve in the state Senate. He not only would be good for this section of the 20th-22nd District, but for the district as a whole.

We recommend Mr. Elliott's election.

Even Castro Must Understand It

The unhappiest turn that events can take when foreign policy is being argued in a national campaign is for a foreign leader to overestimate what looks to him like evidence of weakness. This has happened.

Kaiser Wilhelm, Adolf Hitler, Benito Mussolini and the Japanese warlords all made the mistake of overestimating what they had read about disagreements in the United States.

It looked to them as if the American people were so divided by their political differences that they could not unite. They were wrong. Even Castro, who knows next to nothing about the Americans he spends so much time reviling, must understand that we rip up one another in politics because we are strong enough to afford it.

Castro has his finger on the trigger that could blast off immediate and explosive military action. All he needs to do to blow himself into the line of fire is to let any part of the armed forces of Cuba, or anyone on Cuban soil with official permission — any Chinese, Russian or the agent of any other country — to make a hostile move against the U. S. Naval Station at Guantanamo. Even cutting off the water supply would be a hostile act.

President Eisenhower has told Castro the United States will defend Guantanamo. Vice President Nixon has told him the United States will defend Guantanamo. Sen. Kennedy has gone further and has told him the United States should have turned hostile toward Cuba when it began to seize U.S. property.

There is not the slightest possibility of misunderstanding. The United States will not be run out of its Naval station in Cuba without putting up military resistance.

If Guantanamo is going to be the trigger to start a war, Fidel Castro can pull it at will. The gun is loaded. It can blow him and his crowd to Kingdom Come.

Don't Run For The Hills Yet

It isn't popular in Democratic circles right now to see anything good about the country's economic prospects. Kennedy campaigners are working with might and main to spread the idea that the United States has lost all its steam and drive and the only way to restore them is to proclaim a state of emergency and turn over the government to their candidate and his retinue of feverish repairmen.

The only trouble with this is that there are more people working than at any time in the nation's history. Unemployment arising from the brutal shock of last year's steel strike is not general but regional.

Gross national product — the GNP that economists are always referring to — is higher than at any time in the nation's history—over a half trillion dollars.

THE PROSPECTS for consumer spending, insofar as they can be measured with accuracy, are reported to be as good as they were last spring.

The president of the United States Savings and Loan League, W. O. DuVall of Atlanta, Ga., has just declared there was a record inflow of savings in the first nine months of 1960. The total is better than $5 billion, and the savings associations now hold a record total of some $60 billion. All this money is potential buying power.

Meanwhile, consumers are reported to be catching up on installment debts for purchases made in previous years. The automobile industry, with an attractive line of merchandise, is looking forward to a boom year.

Capital earmarked for expansion of industrial properties and new equipment is present in the same proportions as it was this year, when it was 10 per cent above 1959.

Everything that would be required to constitute boom times if the feverish repairmen of the Fixit Crowd were running the government is present. But because the prime objective of the moment is to clear the decks so the Fixit Crowd can move in, the strategy is to make it appear that America has gone to pot.

NOTHING OF THE KIND has happened. But something has happened that's pretty grim.

In thousands of the decision-making minds whose judgment puts the dynamic energy into the American system of enterprise there is a gnawing doubt about what the future may hold if the Fixit Crowd gets back into Washington next January.

When it was there last, it was hell bent on government regimentation of business. It hung on to federal price controls. It clung to emergency powers to take over business. It had a weakness for seizing private property; it once gobbled up the steel industry overnight.

Is it any wonder that some decisions are being postponed, that some of the enterprise that would betoken confidence is marking time until Election Day reveals whether the economy is in for another horsewhipping like the one it took the last time the New Deal was in Washington and never moved the economy off dead center until World War II set off a war boom?

The Once Over

By H. I. Phillips

Debating, speech-making and fighting for the presidency, both candidates have left unanswered many questions asked by voters.

Neither has given his views on women's winter hats or taken a stand against the narrow brims on men's headgear. What have they promised to do about the dollar oyster-cocktail?

Are we to expect anything from them in an all-out war on the 90-cent martini, the thimble of beer at 25 cents a throw, caraway seeds on rolls, the 45-cent hamburger, and watered catsup and the paper-napkin designed for midgets?

Has Sen. Kennedy said a word about the $1.75 haircut or indicated he would try to bring back the $5 hotel room, the 10-cent ice-cream soda, the nickel hot dog or the roadside restaurant that served potatoes in any other form than French fried?

We now demand that each state his position on the following matters:

1. Will you fight for the use of seasoned lumber in new homes and partitions that do not sway in cross ventilation?

2. Can we depend on you to make war on sound-trucks, and limit pneumatic drillers to five crews per city block?

3. Are you for a law to jail people who put chewing gum on bedposts and theater seats?

4. Will you keep the American dollar so sound we will never get less than a dime in change when we pay for an article not really worthy of a quarter?

5. Are you for horns or sirens on supermarket metal carts?

6. Do you think bowling alleys are getting so numerous they may soon outnumber bowlers?

7. Will you have a TV policy demanding that the dramas make sense and that in the interest of fairness the district attorney in a Perry Mason mystery win a case or get a photo finish?

DANNY KAYE is the only comedian we have seen who can take three bows for a commercial. His first TV show had great moments but no funnyman can hold an audience alone for a full hour.

Gen. Maxwell Taylor, famed warrior who made the first parachute drop in Normandy has been named head of New York's Lincoln Square Center for Performing Arts. Does this indicate directors know there will be a hard battle to get it finished on time? Or that landing by parachute is a performing art?

All Sen. Kennedy has to do to get a big crowd is be sure all the Kennedys show up.

The famous State of Maine Express, New Haven Railroad special for half a century, is no more. It has been taken off following Boston & Maine suspension of service which formerly took over express from New Haven Railroad at Worcester, Mass.

American Medical Association says costs of illness is not rising, but falling compared with costs in other phases of life. It points out that men's haircuts have gone up 218 per cent, double the rises in all fields of medicine except hospital care. Maybe so, but a haircut isn't necessary to save your life, and you don't get sicker and sicker if you let it grow around the ears. Furthermore, you don't need a prescription for a haircut and a shave.

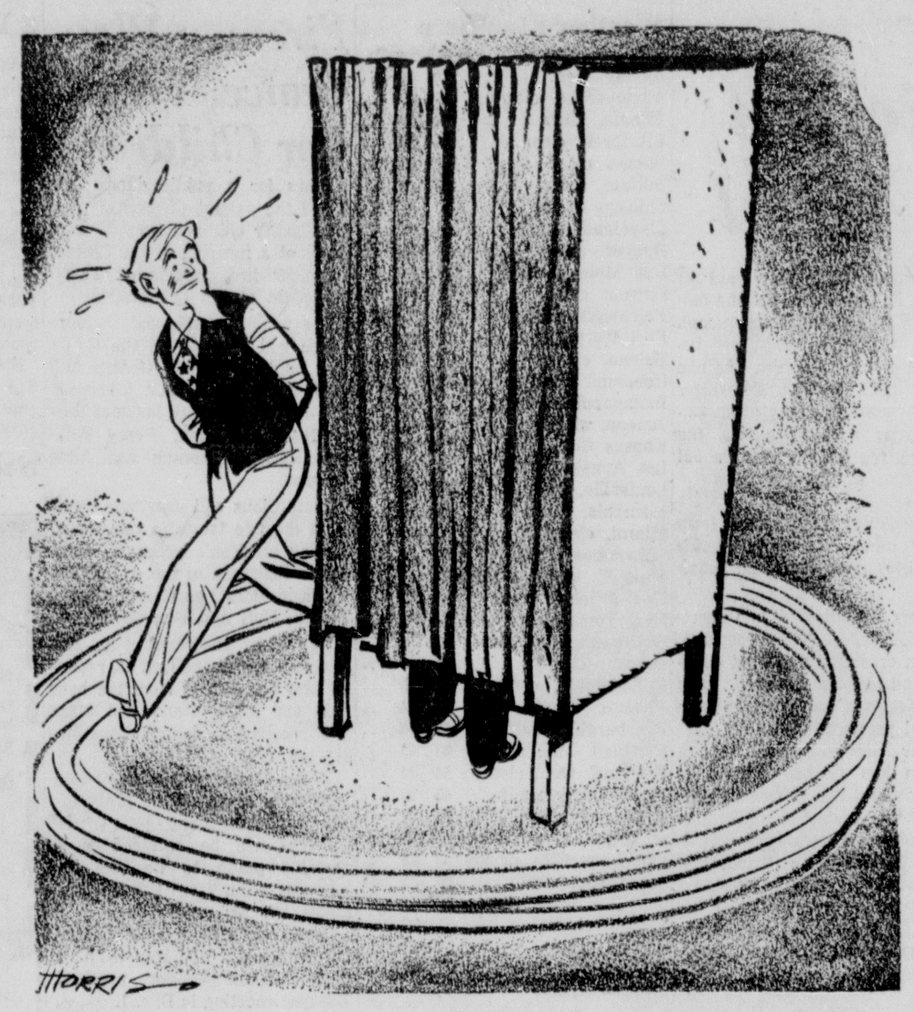

AFTER SEVEN WEEKS trial the 7:30 theater curtain has been abandoned by Broadway. It has been found completely impossible to get the typical New York playgoer to accept comfort, leisurely travel and a show that begins before he has been trampled upon by late arrivals.

Thirteen big unions are starting chain of cut rate drugstores so members can get medicines without cracking a safe. Each union member will pay $1 a year which will provide $350,000 pot. This could start a stampede by general public to join a union. Chain expects to cut drug prices 30 per cent through mass purchasing, economy packaging, low inventories and lower overhead.

But taxes took
All but this MOUND.

Union Picture—Dollar By Dollar

By Victor Riesel

KANSAS CITY: If anybody asks what's better than money in an election fight—it's manpower. Labor has plenty of both. Labor spent plenty of both in this presidential race.

Victor Riesel

My estimate has the unions putting out some $10 million.

This is based on a regional survey, area by area, during which I listed on charts the cost of hundreds of radio and television programs, tons of literature, thousands of floats, trucks and loudspeakers, meeting halls, $100-a-plate dinners, actual transportation, an advertising airplane, motion picture production, lotteries, hotel bills, specially constructed switchboards and even prize money for extra enthusiasm and the expenditures of citizenship and political education funds.

Of course, this will be a controversial figure. But it adds up, dollar by dollar, as I entered it day by day from the mass of official statements, lists of meetings and announcements of the results of money drives such as the machinists Non-Partisan Political League. With its "Hour's Pay to Keep the Depression Away" drive, this unit of the International Association of Machinists raised $140,745.50.

THE STEELWORKERS Political Action fund reported contributions of $192,592 to various Democratic committees. The auto workers Committee on Political Education spent $40,902 in direct contributions and the oil workers spent $18,398 for Democratic candidates since Sept. 1.

The $10 million figure could easily be twice that. No one can ever estimate what was spent by tens of thousands of local unions.

These estimates include labor's greatest organizing drive in its political history — the registration offensive. This estimate includes money raised for the Republicans as well.

The millions include the $5,000 given the labor people here for their registration drive, as well as the teamsters brotherhood's million. The $5,000 alloted the Kansas City unions came out of a $650,000 registration fund raised by the national AFL-CIO.

This money was raised by a five cent per member tax - the first such levy for such a drive in labor's political history.

There was another tax by another labor force. Jimmy Hoffa, who took Jack Kennedy as a personal insult, had said that his teamsters would be throwing 50 cents a man a month in his union's political war chest. This would have given him more than $6 million.

A FEW DAYS ago, the teamsters leaked the story that they had spent $1½ million. Add to this statistic the fact that many of Hoffa's 53 joint councils spent between $25,000 and $50,000 and the figure almost doubles. And Hoffa himself said $1,000 came out of his own pocket.

All through this personal adding machine operation I worked on minimum sums. David Dubinsky, leader of both the Ladies Garment Workers Union and the New York Liberal party, estimated that the national labor movement would spend between $2-3 million.

This did not include the local expenditures I've described. For example, there is the auto union's vast registration drive. This was built on a machine which was turned into a vote getting apparatus.

Let's look at Walter Reuther's aides' activity in northern New Jersey — typical of what happened in other areas.

IN NEW YORK STATE the AFL-CIO spent $35,000 for two series of nine and 10 city hookups for Jack Kennedy, Herbert Lehman, Mayor Robert Wagner and others.

In Vermont, there was a $10,000 expenditure for one congressional candidates's air time.

The emotional issues cover, for instance, the question of peace or war. The economic issues cover "pocketbook" problems, such as unemployment, cost of living and business conditions in different sections of the country.

ON THE BASIS of the two main categories of issues, this writer would have no hesitation in predicting the election of Vice President Nixon. The case for a change of party has not been persuasive and the areas where economic conditions are good outweigh those in which they are bad.

The Eisenhower administration has kept the country out of war and has exercised restraint as against provocations to war.

Something else, however, has arisen which can be classified as "emotional." It is the so-called "religious issue." This has been given various interpretations and has usually been thought to mean that the anti-Catholic propaganda would draw enough Protestant Democrats away from their ticket to be decisive in electing Mr. Nixon.

It turns out, according to the latest Gallup Poll, that there is a Catholic bloc amounting to perhaps as many as five million who will turn from the Republican party and give Sen. Kennedy the victory.

There will be some turning from the Democratic party on the part of Protestants in the South and in some other states but the number apparently will not appreciably affect the results, as it is not big enough to offset the enormous defection of Catholic Republicans, especially in the populous states to which are allocated large electoral votes.

On this basis, the election of Sen. Kennedy is assured and the result in the electoral college may not even be close.

Enough electoral votes to win may be gained in the big states of the North and West, without regard to his losses in the South.

Indeed the Catholic bloc may well swell the totals for the Democrats in nearly all the northern states.

MANY CATHOLICS, of course, especially in the middle and upper income groups, will stick with the Republican ticket but the Gallup Poll shows that, while Mr. Eisenhower got 49 per cent of the total Catholic vote in 1956, only about 21 per cent will be for Mr. Nixon, with 79 percent going to Sen. Kennedy.

The switch is not, of course, entirely due to religion but doubtless to other issues, such as local economic conditions.

Anything like a change of 28 per centage points on a nationwide basis is, however, phenomenal and no other religious group shows such a shift this year, according to the Gallup Poll.

This writer believed early in the campaign — before the Gallup Poll was made — that the "religious issue" would not be consequential, as one prejudice would offset the other. The latest data indicate that its effect will be one-sided — that it is pro-Kennedy.

For the record, therefore, this writer is giving his judgment without taking into account the religious factor. Instead, weight is given to the preponderant sentiment of the country, which favors continuity of foreign policy and is against possible involvement in war that might come through a change in personnel in high places.

Prime importance is attached, moreover, to the economic conditions of the country according to available data on personal incomes generally and on farm income and to the impact of unemployment in certain states.

IT IS SIGNIFICANT that in many states the people as a whole are enjoying the highest personal income in our history.

Here is the table, based on a combination of these two customary factors but eliminating entirely the religious issue:

Ariz.	4	N. H.	4
Calif.	32	N. J.	16
Colo.	6	N. Y.	45
Del.	3	N. D.	4
Fla.	10	Ohio	25
Hawaii	3	Okla.	8
Idaho	4	Ore.	6
Ill.	27	S. Da.	4
Ind.	13	Utah	4
Kan.	8	Vt.	3
Maine	5	Va.	12
Md.	9	Wash.	9
Neb.	6	Wis.	12
Nev.	3	Wyo.	3

For Nixon: Total 288 (needed to win 169).

If all the southern states with a favorable economic climate were included, such as Texas and North Carolina, it would run the total for Mr. Nixon higher or would offset in large part a possible loss of some of the above northern states, like New York. So this represents a table based on the minimum necessary to win, rather than the actual line-up of all the states where economic conditions as a whole are good.

On the basis of the indicated Catholic shift, which will affect nearly all states, this writer expects to see a Kennedy majority in electoral votes.

The Great Reform

By Truman Twill

Finally, things got so fouled up the 50 states went together to hire an efficiency outfit to reform the election system.

It wasn't a very big job, as a matter of fact. All the things that needed to be done had been obvious so long the new setup practically made itself.

The big thing was compulsory voting. Every person who had not been denied the right to vote because of conviction for grand larceny, treason, a dishonorable discharge from the armed services, or failure to take out citizenship papers was required to vote or forefeit the $500 bond that every citizen was required to post upon reaching voting age.

This reform got rid of segregation before you could say Jackie Robinson. It did away forever with voter apathy and violations of civil rights. It gave the one-party cities and states a two-party system at long last.

The next biggest thing was to make Election Day a national holiday and simultaneously to change it from Tuesday to Monday, making it the second half of a double holiday. Then to make doubly sure everyone would have a crack at a ballot box, the polls were ordered kept open both days, which was none too long in view of the fact 100 per cent of the electorate would be using them.

The third master-move by the efficiency experts was the universal registration card.

Each qualified elector was given an indestructible certificate of pocketbook size when he made his $500 franchise bond. Every five years when the bond was reviewed and renewed, the elector was given a fresh card.

Every time he voted, a punch mark was made for that year's election. Thus, no matter where he voted in the United States for president and vice president, his vote could be tabulated. Fraud was impossible.

For local and state contests, the old system was kept in effect — but with a few improvements.

For one thing, the permanent registration card also was put to use for local and state voting. Anyone at any time and in any part of a state could vote for a state candidate by producing his card; he did not need to be in his home precinct.

For another thing, it finally was admitted that first things came first. Tabulations for minor offices were deferred until several days after tabulations for major offices. There was no hurry about the local offices.

One more thing. A million-dollar prize, tax-bite prepaid, was offered for an electronic vote tabulator, tamper-proof, lightning-fast and easy to use and understood — something that could be transported easily and used for other calculating and tabulating work in the off-season. The prize produced quick results. In no time it had become possible to know within five minutes after the polls closed how everything had turned out.

Once and for all there was an end to primitive tabulating methods that left every close race open to doubt and put elections at the mercy of fast shuffles, double deals and sleight-of-hand.

It was worth waiting for — the reform that finally brought the election system up to date.

Fund Division Begins Calling Upon Industry

The volunteer working force of the Community Fund campaign more than doubled today as the Industrial Division — the largest group in the drive — swung into action.

Some 3,400 employes and executives in 23 area firms will be contacted by the 300 serving the division.

Working toward a quota of $45,500, the unit is headed by Charles D. Taylor, president of the National Church Supply Co. of Chester, chairman, and William F. Porter, vice president of the Globe Brick Co., co-chairman.

Four sub-chairmen are handling the distribution of campaign literature, pledge cards and other working supplies. They are John Duffy, Jack Smith, William Mackall and John Thompson.

"As has been the practice in other years," Taylor said, "we are making every effort to set up the payroll deduction plan for Community Fund contributions, wherever possible. Under this plan, the employe gives only as and when he earns, and, he has a full year in which to fulfill his pledge."

Taylor also pointed out that he is asking division workers to stress this year's campaign slogan, "United At Home To Help Our Own", since more than 95 per cent of the funds collected stay "at home to bring real personal benefits to each area resident".

Taylor serves on the Board of Directors of the Columbiana County Boy Scout Council, one of the six Community Fund agencies. His other civic activities include service as a board member of the local Chamber of Commerce, a member and past president of the Rotary Club and a member of the Masons in Chester.

His co-chairman, Porter, also serves on the Boy Scout council's Board of Directors. Other community service includes executive boards of Mary Patterson Memorial, the North Hancock County Red Cross Chapter and the local Kiwanis Club.

The 300 volunteers working in this division, who will be conducting the "person-by-person" solicition in the various plants, have been recruited by unit representatives. Unit chairmen and their affiliations, follow:

Ed Bayliss, American Vitrified Products; Charles McBride, Ceramic Specialties; Ralph Smith, East Liverpool Review; Frank Edwards, Ferro Corp.; Delmar P. Manning, Jr., Globe Brick Co.; William Hocking, Hall China Co.; Robert Miller, Harker Pottery Co.; Alfred LaNeve, Edwin M. Knowles China Co.; Harry Kjellman, Koppers Co.; J. B. Cartwright, Homer Laughlin China Co.; Leon Kupchinsky, Louthan Mfg. Co.; Mr. Beedle, Metsch Refractories; Vern Jones, National Church Supply Co.; Lawrence Sixt, New Castle Refractories; William Barker, Patterson Foundry; William Holman, Potters Supply Co.; John Koos, Sterling China Co.; James Pruden, T. K. Roofing Co.; Pat Frontone, T.S.&T. China Co.; Walter Ashbaugh, S. C. Williams Co.

Other solicitation methods will be used in plants operated by the Crucible Steel Co., MacIntosh-Hemphill Co. and the Weirton Steel Co., since employes of these firms donate through established payroll deduction plans.

WORKER'S KITS and campaign instructions are being delivered above as the Industrial Division of the Community Fund campaign swung into action. Delmar Manning Jr., center, plant representative of the Globe Brick Co., is conferring with William F. Porter, left, co-chairman of the Industrial Division, and Charles D. Taylor, right, division chairman.

Kennedy Will Get Direct Report On Returns For City

Regarded as one of the significant areas of Ohio, East Liverpool's vote in the Presidential election will be reported Tuesday night direct to Sen. John F. Kennedy's home at Hyannisport, Mass., Don Gosney, county Democratic chairman, said today.

It's one of a series of spot checks that will be made throughout Ohio to help the senator's aides keep track of early voting trends. The breakdown of the 1952 and 1956 returns from East Liverpool already has been sent to the senator's staff for use in comparisons.

"We expect the East Liverpool returns will be the first reported to the senator from Ohio," Gosney said. He said the totals on the city's 32 precincts in the Kennedy-Nixon race probably will be completed before 8 p. m., thanks to a "flash" telephone count planned by the County Election Board. Gosney also is a member of the Election Board.

Fund Division Begins Calling Upon Industry

The volunteer working force of the Community Fund campaign more than doubled today as the Industrial Division — the largest group in the drive — swung into action.

Some 3,400 employes and executives in 23 area firms will be contacted by the 300 serving the division.

Working toward a quota of $45,500, the unit is headed by Charles D. Taylor, president of the National Church Supply Co. of Chester, chairman, and William F. Porter, vice president of the Globe Brick Co., co-chairman.

Four sub-chairmen are handling the distribution of campaign literature, pledge cards and other working supplies. They are John Duffy, Jack Smith, William Mackall and John Thompson.

"As has been the practice in other years," Taylor said, "we are making every effort to set up the payroll deduction plan for Community Fund contributions, wherever possible. Under this plan, the employe gives only as and when he earns, and, he has a full year in which to fulfill his pledge."

Taylor also pointed out that he is asking division workers to stress this year's campaign slogan, "United At Home To Help Our Own", since more than 95 per cent of the funds collected stay "at home to bring real personal benefits to each area resident".

Taylor serves on the Board of Directors of the Columbiana County Boy Scout Council, one of the six Community Fund agencies. His other civic activities include service as a board member of the local Chamber of Commerce, a member and past president of the Rotary Club and a member of the Masons in Chester.

His co-chairman, Porter, also serves on the Boy Scout council's Board of Directors. Other community service includes executive boards of Mary Patterson Memorial, the North Hancock County Red Cross Chapter and the local Kiwanis Club.

The 300 volunteers working in this division, who will be conducting the "person-by-person" solicition in the various plants, have been recruited by unit representatives. Unit chairmen and their affiliations, follow:

Ed Bayliss, American Vitrified Products; Charles McBride, Ceramic Specialties; Ralph Smith, East Liverpool Review; Frank Edwards, Ferro Corp.; Delmar P. Manning, Jr., Globe Brick Co.; William Hocking, Hall China Co.; Robert Miller, Harker Pottery Co.; Alfred LaNeve, Edwin M. Knowles China Co.; Harry Kjellman, Koppers Co.; J. B. Cartwright, Homer Laughlin China Co.; Leon Kupchinsky, Louthan Mfg. Co.; Mr. Beedle, Metsch Refractories; Vern Jones, National Church Supply Co.; Lawrence Sixt, New Castle Refractories; William Barker, Patterson Foundry; William Holman, Potters Supply Co.; John Koos, Sterling China Co.; James Pruden, T. K. Roofing Co.; Pat Frontone, T.S.&T. China Co.; Walter Ashbaugh, S. C. Williams Co.

Other solicitation methods will be used in plants operated by the Crucible Steel Co., MacIntosh-Hemphill Co. and the Weirton Steel Co., since employes of these firms donate through established payroll deduction plans.

WORKER'S KITS and campaign instructions are being delivered above as the Industrial Division of the Community Fund campaign swung into action. Delmar Manning Jr., center, plant representative of the Globe Brick Co., is conferring with William F. Porter, left, co-chairman of the Industrial Division, and Charles D. Taylor, right, division chairman.

Kennedy Will Get Direct Report On Returns For City

Regarded as one of the significant areas of Ohio, East Liverpool's vote in the Presidential election will be reported Tuesday night direct to Sen. John F. Kennedy's home at Hyannisport, Mass., Don Gosney, county Democratic chairman, said today.

It's one of a series of spot checks that will be made throughout Ohio to help the senator's aides keep track of early voting trends. The breakdown of the 1952 and 1956 returns from East Liverpool already has been sent to the senator's staff for use in comparisons.

"We expect the East Liverpool returns will be the first reported to the senator from Ohio," Gosney said. He said the totals on the city's 32 precincts in the Kennedy-Nixon race probably will be completed before 8 p. m., thanks to a "flash" telephone count planned by the County Election Board. Gosney also is a member of the Election Board.

Democrats' Idea Explored

City Officials And Council Discuss Teen-Center Plans

The need for a community teen-age recreation center was discussed by the city adminstration and Council Thursday night in Mayor Bert H. Goodballet's office and plans were made for a general meeting of interested citizens for an exchange of ideas on the project.

The city officials met with James V. Flasco, chairman of the city Democratic Central Committee, who proposed the discussion, and Robert Arnold, who operated a teen-age center on W. 4th St. about 5 years ago.

As the discussion closed, Flasco was asked to arrange a meeting for "interested representative citizens from all parts of the city" to discuss the teen-age center with the city officials. Flasco said he will confer on the date with the mayor and Safety-Service Director Lee Copenhaver.

The mayor pointed out many individuals and groups are interested in youth problems and would be able to offer suggestions and aid in initiating such a program. He mentioned particularly Juvenile Judge Louis Tobin, the Child Counseling Center and the adult heads of youth baseball leagues.

The group reached no decision whether such a center should be financed entirely or in part by city funds. However, both the mayor and Council assured Flasco and Melvin that the city officials are aware of the need for supervised recreation for teen-agers. But they added that lack of available funds has prevented city participation in such a program.

"No one knows better than I the problems of children who have no place except the streets to play," the mayor commented. "I receive complaints continually that their noise is disturbing the sleep of a night-shift worker, but where else can the youngsters play?"

Proper supervision is the key to successful operation of any organized recreation for youth, he added.

Record hops are one of the major attractions in any teen-age center, but there must be other activities to appeal to all groups, including hobbies and crafts, facilities for watching television, games and facilities for sports training, Arnold told the group.

The mayor suggested the teen-age program might be worked out in conjunction with the East Liverpool Recreation Council, which operates playgrounds.

"We would appreciate hearing from anyone interested in aiding with this movement," the mayor added.

Others who attended were Council President Charles Edwards and Councilmen Donald Hancock, Donald Smith, John Melvin, Robert Laughlin and Clifford Cooper.

Democrats' Idea Explored

City Officials And Council Discuss Teen-Center Plans

The need for a community teen-age recreation center was discussed by the city adminstration and Council Thursday night in Mayor Bert H. Goodballet's office and plans were made for a general meeting of interested citizens for an exchange of ideas on the project.

The city officials met with James V. Flasco, chairman of the city Democratic Central Committee, who proposed the discussion, and Robert Arnold, who operated a teen-age center on W. 4th St. about 5 years ago.

As the discussion closed, Flasco was asked to arrange a meeting for "interested representative citizens from all parts of the city" to discuss the teen-age center with the city officials. Flasco said he will confer on the date with the mayor and Safety-Service Director Lee Copenhaver.

The mayor pointed out many individuals and groups are interested in youth problems and would be able to offer suggestions and aid in initiating such a program. He mentioned particularly Juvenile Judge Louis Tobin, the Child Counseling Center and the adult heads of youth baseball leagues.

The group reached no decision whether such a center should be financed entirely or in part by city funds. However, both the mayor and Council assured Flasco and Melvin that the city officials are aware of the need for supervised recreation for teen-agers. But they added that lack of available funds has prevented city participation in such a program.

"No one knows better than I the problems of children who have no place except the streets to play," the mayor commented. "I receive complaints continually that their noise is disturbing the sleep of a night-shift worker, but where else can the youngsters play?"

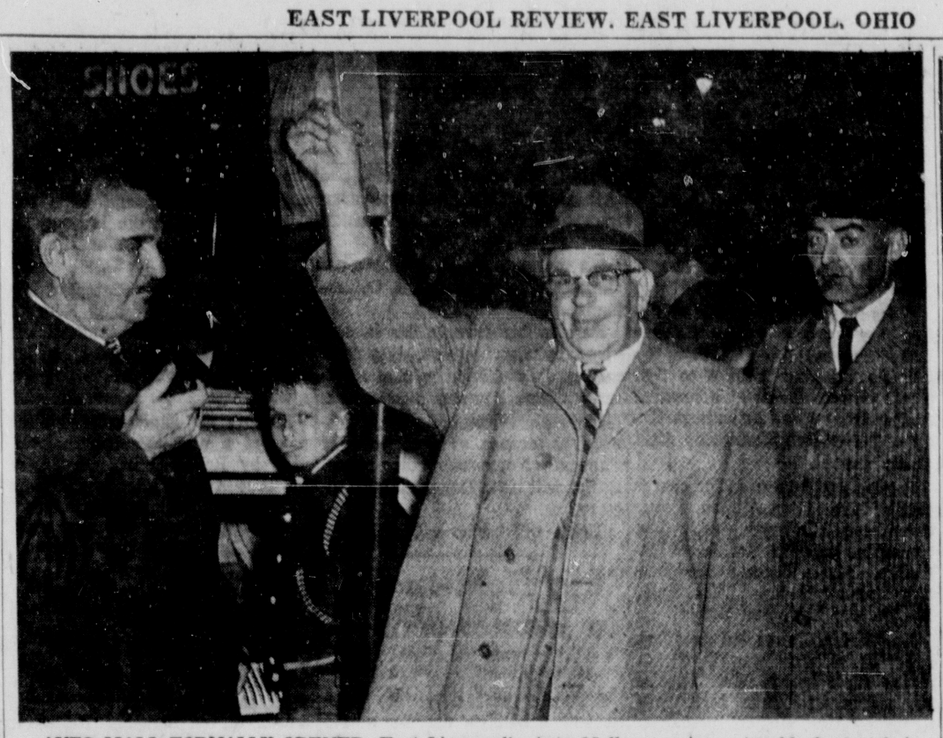

Proper supervision is the key to successful operation of any organized recreation for youth, he added.

Record hops are one of the major attractions in any teen-age center, but there must be other activities to appeal to all groups, including hobbies and crafts, facilities for watching television, games and facilities for sports training, Arnold told the group.

The mayor suggested the teen-age program might be worked out in conjunction with the East Liverpool Recreation Council, which operates playgrounds.

"We would appreciate hearing from anyone interested in aiding with this movement," the mayor added.

Others who attended were Council President Charles Edwards and Councilmen Donald Hancock, Donald Smith, John Melvin, Robert Laughlin and Clifford Cooper.

AUTO MALL FORMALLY OPENED. East Liverpool's Auto Mall occupying a two-block stretch in the heart of the business district on E. 5th St., was opened formally Thursday night when Mayor Bert H. James Allison, president of the Junior Chamber of Commerce, which also is assisting, stands at right. The display and downtown stores will be open until 8:30 tonight and until 5 p.m. Saturday.

Man Held In Jail In Homeworth Auto Theft Case

A discharged Marine who "borrowed" a buddy's car for a trip from El Toro, Calif., to Homeworth is being held at Cuyahoga County Jail at Cleveland today, awaiting a hearing on driving a stolen car over state lines.

James David Montler, 23, was given a preliminary hearing Thursday before U. S. Commissioner H. A. Horn at Cleveland, and a formal hearing was set for Nov. 15. Bond was set at $1,000.

Edward Hargett, agent in charge of the Federal Bureau of Investigation office at Cleveland, said Montler borrowed a 1950 imported sports car from Pfc. Robert Granko after the county man was discharged from El Toro Aug. 25.

Pfc. Granko said he lent the car when Montler said he wanted it to take a girl friend on a date. Granko said the "date" turned out to be a trip to Homeworth.

Granko had to take military leave to reclaim his car at Homeworth, Hargett said.

Home Ransacked In Local Burglary

A burglar ransacked a downtown home early Thursday, but apparently left empty-handed, the owner told police yesterday afternoon.

Thomas McDonough, 118 W. 4th St., told police the intruder gained entrance by breaking a pane of glass in a storm door, then reaching through the opening to work the latch. Then he broke a glass in the rear door and reached through to manipulate the lock, he added. Although the house was ransacked, there was no apparent loss, McDonough reported.

Meanwhile, Jess Finley, 1317 Smithfield St., told police a radio antenna was broken off his auto while it was parked in front of his home between 6 p. m. Wednesday and 8 a. m. yesterday.

Man Held In Jail In Homeworth Auto Theft Case

A discharged Marine who "borrowed" a buddy's car for a trip from El Toro, Calif., to Homeworth is being held at Cuyahoga County Jail at Cleveland today, awaiting a hearing on driving a stolen car over state lines.

James David Montler, 23, was given a preliminary hearing Thursday before U. S. Commissioner H. A. Horn at Cleveland, and a formal hearing was set for Nov. 15. Bond was set at $1,000.

Edward Hargett, agent in charge of the Federal Bureau of Investigation office at Cleveland, said Montler borrowed a 1950 imported sports car from Pfc. Robert Granko after the county man was discharged from El Toro Aug. 25.

Pfc. Granko said he lent the car when Montler said he wanted it to take a girl friend on a date. Granko said the "date" turned out to be a trip to Homeworth.

Granko had to take military leave to reclaim his car at Homeworth, Hargett said.

State Office Revokes Marine Unit's Charter

Miss Steinquist did not give the reason for the revocation but said it will "continue until such time as the department staff sees fit to re-issue the charter." The revocation was effective last Sunday, she added.

4 Of Midland Hurt In Crash

Four Midland area residents were among 6 injured in a collision of 2 cars at the intersection of Routes 14 and 170 at Unity Thursday night at 10:50.

The State Highway Patrol at Lisbon said a car driven by Kenneth Edward Brown, 17, of Youngstown, headed north on Route 170, pulled onto Route 14 without halting for a stop sign.

Brown's 1953 coach went into the path of a west-bound auto operated by Robert Williams, 22, of 330 Ohio Ave., Midland. The cars collided and Williams' then crashed into guardrails on the north side of Route 14.

Passengers in Williams' car, treated at Salem City Hospital, were Grady Williams, 29, of Midland Heights, abrasions of the knee and a cut lip; Nathan Smith, 56, of Industry R. D. 1, bruises of the hand and a neck injury; Mattie Smith, 81, of Industry R. D. 1, abrasions of the knee and bruises of the left temple, and Martha Smith, 57, of Industry R. D. 1, abrasions of the wrist.

Home Ransacked In Local Burglary

A burglar ransacked a downtown home early Thursday, but apparently left empty-handed, the owner told police yesterday afternoon.

Thomas McDonough, 118 W. 4th St., told police the intruder gained entrance by breaking a pane of glass in a storm door, then reaching through the opening to work the latch. Then he broke a glass in the rear door and reached through to manipulate the lock, he added. Although the house was ransacked, there was no apparent loss, McDonough reported.

Meanwhile, Jess Finley, 1317 Smithfield St., told police a radio antenna was broken off his auto while it was parked in front of his home between 6 p. m. Wednesday and 8 a. m. yesterday.

Chester Man Forfeits $125 In Traffic Case

Cloyd McCune, 60, of 923 Carolina Ave., Chester, forfeited a $125 bond Thursday night when he failed to appear before Chester Mayor Ray Collins on a charge of driving while intoxicated.

The state and city driver licenses of McCune, cited Oct. 16, are automatically revoked for 6 months, the mayor said.

A hearing for Charles W. Monroe Jr. of Snow Hill near Newell, scheduled last night on a charge of leaving the scene of an accident, was continued indefinitely because the plaintiff, Elizabeth Turley of Bergholz, could not be notified of the hearing.

A recent survey showed that a transatlantic airline passenger eats and drinks more than one-third of his way across the ocean on his 3,175 nautical mile trip from New York to Paris.

Midland Exceeds Goal

Awards Presented In Fund Drive

A final report meeting of the Midland Area United Fund campaign, which went over its goal Monday, was held Thursday evening when awards were presented.

Some 60 chairmen and workers attended the meeting in the Music Forum of Lincoln High School.

Charles Schmitt, campaign chairman, reported the drive reached $40,193.50 — some $2,220.50 over its goal. "Mopping up" operations are continuing.

—:—

OF THE TOTAL amount of donations and pledges, some $22,700 was contributed by employes of the Midland Works of the Crucible Steel Co. The company's gift amounted to $10,500.

Fingol Bloom, works controller and chairman of Crucible's Combined Charities board, said that some $18,000 will be sent to fund organizations out of Beaver County. Most of that amount will go to the East Liverpool area since many employes who gave live in that area.

Bloom thanked United Steelworkers Union personnel who helped make the mill solicitation a success. He said significant progress was made among employes this year with some 57½ per cent contributing whereas only 29 per cent gave before.

—:—

GEORGE M. Burrier, Crucible's Midland Works manager and county general campaign chairman, presented plaque awards for outstanding work to Schmitt, Bloom and Wilson Rhodes Jr.

Miniature United Fund "oscar" or doll awards were presented seven Crucible departments and seven drive chairmen.

Receiving awards and their departments were Lt. Hal Leonard of plant protection, Nile Wain of the pattern shop and foundries, who is also secretary of the area charities, Alexander Forest of plant engineering and Bob Gilroy of industrial engineering, all 100 per cent; Glenn Roberts for industrial relations, 90 per cent, Paul Schake of accounting department, 88 per cent, and Frank Rudman of the structural shop, 85 per cent.

CAMPAIGN HONORS. Plaques were handed out for outstanding work in the Midland Area United Fund drive at the concluding report meeting Thursday night. Left to right are Wilson Rhodes Jr., plant production manager of the Mackintosh-Hemphill Division of the E. W. Bliss Co.; Charles Schmitt, Midland area chairman; George M. Burrier, works manager of the Midland plant of the Crucible Steel Co. and general fund campaign chairman for Beaver County; Fingol Bloom, Crucible works controller and chairman of the Crucible Combined Charities Board and Atty. Edwin Wallover, president of the Midland Area Charities Board. Recipients of the plaques were Schmitt, Rhodes and Bloom.

—:—

CHAIRMEN receiving awards were Donald Green, drive co-chairman along with Joseph D'Alesio, president of Local 1212 at Crucible, Mrs. Ruth Haggerty, School Supt. Ralph H. Jewell, Miss Helen Holava, Charles Finley, chairman of bank solicitation which first reported 100 per cent, Mrs. Thomas Boyd and Harry (Skeets) Hulton.

Sources of the campaign funds, which will aid some 23 county-wide and 2 local area agencies during 1961, including amounts and chairmen, are:

Robert McVay, drive training and publicity chairman of Crucible's community relations department, introduced Atty. Edwin M. Wallover, president of the Midland Area Combined Charities which led the drive along with the Crucible board.

Wallover spoke briefly and introduced Burrier.

Schmitt also spoke briefly.

Bloom introduced members of the Crucible charities board, Paul McGovern, Calvin Dunlap, Lawrence Andres, Robert Whitten, James Mullen, United Steelworkers staff representative, D'Alesio and Sylvester Vranes.

—:—

MRS. JO Laughner of the Beaver County United Funds office at Beaver, said the Midland campaign will receive a county award as the first to go over its goal and probably a second for the greatest percentage collected above the goal.

The Rev. George H. Bohlender, member of the Midland area charities board and pastor of the First Presbyterian Church, gave the invocation and benediction. A buffet lunch was served. John Celli, of Celli's Music Center, entertained with piano selections.

High Court Gets New Request To Sift Murder Case

CINCINNATI (AP) — A second request for the U.S. Supreme Court to review the first-degree murder conviction of Mrs. Edythe Klumpp has been sent to Washington.

Mrs. Klumpp, twice - divorced mother of four, is under the death sentence in the slaying on Oct. 30, 1958 of Mrs. Louise Bergen. Mrs. Bergen was the estranged wife of William Bergen with whom Mrs. Klumpp had been living for about five months.

William F. Hopkins, attorney for Mrs. Klumpp, said Thursday he had mailed a petition for a rehearing to the Supreme Court. The court previously had refused to review the case.

The new request was based on a claim the prosecutor made prejudicial statements in his final arguments to the jury. A similar claim was rejected several months ago by the Ohio Supreme Court.

Mailing of the petition brought postponement of a scheduled clemency hearing in Columbus today.

If the rehearing petition is denied, Hopkins' next step would be to renew the clemency request.

Motorist Gets Month's Term

Municipal Judge Samuel M. Chertoff today gave a 30-day County Jail term to a 22-year-old East Liverpool man who admitted he has been driving since his permit was suspended in May 1958 on a charge of operating an auto while intoxicated.

William Neuch, 541 Mulberry St., was taken into custody Thursday at 3:35 p. m. on Mulberry St., police said. Neuch admitted to the judge he has continued to operate a car despite the suspension of his permit over two years ago.

The judge continued until Dec. 5 a second charge alleging Neuch failed to transfer the registration of a car which he formerly owned to another auto which he acquired Saturday. The judge told Neuch he may transfer the registration before the hearing is held.

Two other drivers accused of crashing stop signs Thursday were fined $5 and costs.

They are Fred W. Hicks, 856 St. George St., cited at 5:53 for ignoring a sign at St. George and Mulberry Sts., and Harmon W. McKinney Jr. of Dixonville, cited at 8:17 for crashing a sign at Globe and Palissey Sts.

AKRON, Ohio (AP) — Akron newspaper carrier Russell Kaser Jr., 21, who sued a Doylestown man for $5,000 in an alleged assault and battery case, was awarded $500 Thursday in Judge William H. Victor's court. Kaser, a motor delivery boy for the Akron Beacon Journal, filed suit in May 1959, alleging he was struck by William T. Price of Rt. 1, Doylestown, in an argument over removal of a newspaper delivery box from Price's front yard.

Ex-Jurist Nabbed In 1955 Slaying Of Judge, Wife

CHATTANOOGA, Tenn. (AP)—Joseph A. Peel Jr., former city judge of West Palm Beach, Fla., was arrested late Thursday night on charges of murder in the 1955 death of a Florida judge and his wife.

Circuit Judge C. E. Chillingworth and his wife, Marjorie, vanished from their West Palm Beach home June 15, 1955. Police said circumstances indicated they had been kidnaped and slain.

Sheriff James Turner said Peel a neatly dressed man, was taken into custody 40 minutes after he arrived by plane from Charlotte, N.C.

Turner said Peel apparently came here to join James Donald Miles, 31, an Eau Gallie, Fla., builder. Miles and Peel, the sheriff said, are under $25,000 bond in Florida on charges that they conspired to murder a Florida ex-convict, Floyd A. Holzapfel, 36.

A panel of petit jurors is expected to be seated Nov. 14 for the trial of Donald Eugene Saunders, 31, of Wellsburg, indicted by the September Grand Jury of Hancock County on charges of attempted murder and malicious assault.

Saunders entered innocent pleas to the indictments in September, charging him with crushing a Waterford Park guard against a steel fence in June with his auto.

The guard, Steve Yurka, 48, of New Cumberland, was hospitalized.

Midland Exceeds Goal

Awards Presented In Fund Drive

A final report meeting of the Midland Area United Fund campaign, which went over its goal Monday, was held Thursday evening when awards were presented.

Some 60 chairmen and workers attended the meeting in the Music Forum of Lincoln High School.

Charles Schmitt, campaign chairman, reported the drive reached $40,193.50 — some $2,220.50 over its goal. "Mopping up" operations are continuing.

—:—

OF THE TOTAL amount of donations and pledges, some $22,700 was contributed by employes of the Midland Works of the Crucible Steel Co. The company's gift amounted to $10,500.

Fingol Bloom, works controller and chairman of Crucible's Combined Charities board, said that some $18,000 will be sent to fund organizations out of Beaver County. Most of that amount will go to the East Liverpool area since many employes who gave live in that area.

Bloom thanked United Steelworkers Union personnel who helped make the mill solicitation a success. He said significant progress was made among employes this year with some 57½ per cent contributing whereas only 29 per cent gave before.

—:—

GEORGE M. Burrier, Crucible's Midland Works manager and county general campaign chairman, presented plaque awards for outstanding work to Schmitt, Bloom and Wilson Rhodes Jr.

Miniature United Fund "oscar" or doll awards were presented seven Crucible departments and seven drive chairmen.

Receiving awards and their departments were Lt. Hal Leonard of plant protection, Nile Wain of the pattern shop and foundries, who is also secretary of the area charities, Alexander Forest of plant engineering and Bob Gilroy of industrial engineering, all 100 per cent; Glenn Roberts for industrial relations, 90 per cent, Paul Schake of accounting department, 88 per cent, and Frank Rudman of the structural shop, 85 per cent.

CAMPAIGN HONORS. Plaques were handed out for outstanding work in the Midland Area United Fund drive at the concluding report meeting Thursday night. Left to right are Wilson Rhodes Jr., plant production manager of the Mackintosh-Hemphill Division of the E. W. Bliss Co.; Charles Schmitt, Midland area chairman; George M. Burrier, works manager of the Midland plant of the Crucible Steel Co. and general fund campaign chairman for Beaver County; Fingol Bloom, Crucible works controller and chairman of the Crucible Combined Charities Board and Atty. Edwin Wallover, president of the Midland Area Charities Board. Recipients of the plaques were Schmitt, Rhodes and Bloom.

—:—

CHAIRMEN receiving awards were Donald Green, drive co-chairman along with Joseph D'Alesio, president of Local 1212 at Crucible, Mrs. Ruth Haggerty, School Supt. Ralph H. Jewell, Miss Helen Holava, Charles Finley, chairman of bank solicitation which first reported 100 per cent, Mrs. Thomas Boyd and Harry (Skeets) Hulton.

Sources of the campaign funds, which will aid some 23 county-wide and 2 local area agencies during 1961, including amounts and chairmen, are:

Real estate and insurance, $191.25, Paul McGeehan; professional, $524, Mrs. Boyd; service stations, $27, Bill Verzelli; clubs, $267.50, Hulton; auto dealers, $45, Tony Monac; banks, $443, Finley; barbers and beauticians, $64, Leslie Roach; construction, $310, Bill Rice; grocers, $153, Bill Robertson.

—:—

GOVERNMENT, $194, Mrs. Malena Westlake; education, $783, Supt. Jewell; general retail, $652, Green; Midland residential, $676, Mrs. Haggerty; Fairview and Smiths Ferry solicitation, $176.35, Miss Holava; Ohioview and Industry solicitation, $141.50, Hal Bomar; manufacturing, $12,845, Schmitt, and Crucible employes, $22,700.

Robert McVay, drive training and publicity chairman of Crucible's community relations department, introduced Atty. Edwin M. Wallover, president of the Midland Area Combined Charities which led the drive along with the Crucible board.

Wallover spoke briefly and introduced Burrier.

Schmitt also spoke briefly.

Bloom introduced members of the Crucible charities board, Paul McGovern, Calvin Dunlap, Lawrence Andres, Robert Whitten, James Mullen, United Steelworkers staff representative, D'Alesio and Sylvester Vranes.

—:—

MRS. JO Laughner of the Beaver County United Funds office at Beaver, said the Midland campaign will receive a county award as the first to go over its goal and probably a second for the greatest percentage collected above the goal.

The Rev. George H. Bohlender, member of the Midland area charities board and pastor of the First Presbyterian Church, gave the invocation and benediction. A buffet lunch was served. John Celli, of Celli's Music Center, entertained with piano selections.

Ohio Bell Starts Expanding Long Distance Circuits

CLEVELAND (AP)—A $2 million project to expand long distance circuits between Cleveland, Painesville and Ashtabula has been started by the Ohio Bell Telephone Co.

It is scheduled for completion in mid-1961 and will tie in with the direct long distance dialing system to be completed in Ashtabula next year.

Towers will be built to bounce sound over the 60-mile distance without using wires. Eventually the microwave system of towers will be expanded to include Youngstown, Canton and Akron, an Ohio Bell spokesman said.

It was explained that the microwave towers must be high enough so that no solid objects lie between the relay points. Seven towers are now under construction between here and Columbus in a similar project.

A huge disk atop each tower reflects and relays the sound waves to the next tower.

Rose Defies Cold

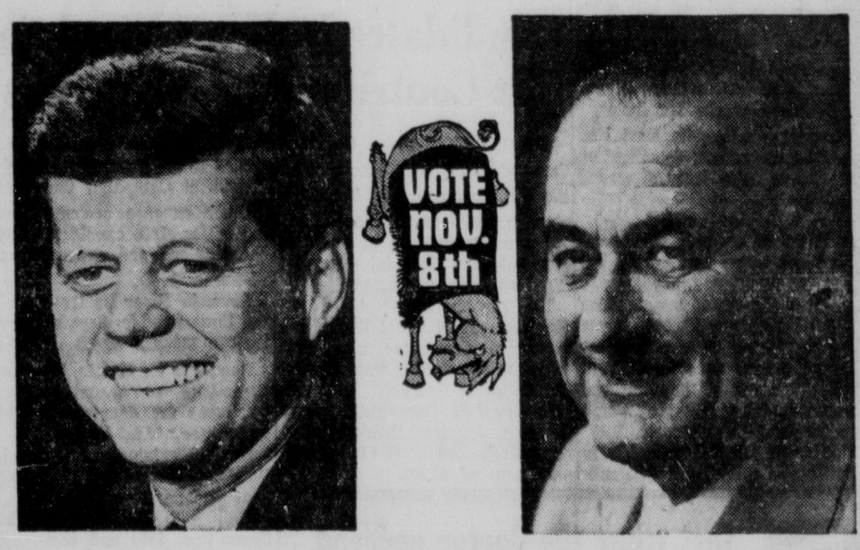

The area has already had its first snowfall but a rose bush in the yard of Mrs. Fred Fehrman, 603 Harrison St., Newell, apparently refuses to succumb to the chilly weather. A neighbor, Mrs. Mae Hupp, 601 Harrison St., spotted a rose in full bloom on the climber bush Thursday afternoon.

After a Careful Study of BOTH Candidates an Independent Newspaper,

The NEW YORK TIMES VOTES FOR KENNEDY

JOHN F. KENNEDY LYNDON B. JOHNSON

Reprint of an editorial, New York Times, Thursday, October 27, 1960

The Choice of a Candidate

The New York Times, speaking as an independent newspaper, today announces its support of John F. Kennedy for President. Two considerations have carried special weight in determining our judgment. One of these is a matter of foreign policy. The other is a question of assuring a unified direction of the nation's affairs at a difficult moment in history.

In the field of foreign policy we find it a cause of deep satisfaction that, despite their sharp dispute over Quemoy and Matsu, the two candidates are in substantial agreement over a wide range of important issues. Both are aware of the nature and dimensions of the imperialist-Communist threat. Both want a stronger national defense and more effective aid to the under-developed nations. Both are prepared to resist, by force if necessary, any attempt by Soviet Russia to drive us from Berlin.

This large measure of agreement guarantees a continuity of the main lines of American foreign policy and offers welcome assurance to our NATO allies and to the small nations which look to us for support in their efforts to safeguard their newly acquired independence.

As for Quemoy and Matsu, it is unfortunate that this issue has been brought into the campaign. When questioned about it, both candidates ought to have stood on the policy expressed by Congress in its Joint Resolution of Jan. 29, 1955, a policy to which both of them have now wisely retreated after having taken more extreme positions in direct opposition to each other. There are far more important questions of foreign policy than Quemoy and Matsu, but the debate over the offshore islands did throw a revealing light on differences of judgment on the part of the two candidates.

Senator Kennedy made it clear that he would not go to war with Communist China solely for the "principle" of defending two islands immediately adjacent to the Chinese mainland, for to do so would be "unsound militarily, unnecessary to our security and unsupported by our allies." But the Vice President, who in a sense had to be rescued from his original position by the President, made statements—such as the one that he would not surrender "one inch of free territory" to the Communists—that carry implications reaching far beyond Quemoy and Matsu and, in fact, extending to the whole range of American foreign policy.

There are large areas of the world—particularly in Southeastern Asia—where ideological conflict between communism and anti-communism may break out at any moment into local warfare. Are we, as Mr. Nixon indicates, to use American manpower to prevent the loss of "one inch of free territory" in such areas? The choice is not so easy as Mr. Nixon implies. It involves the question of the intrinsic importance of each such area to the security of the United States, the question of allied assistance, the possible cost of American intervention in terms of American lives. The oversimplification of Mr. Nixon's sweeping declarations in these matters is not reassuring.

Senator Kennedy's approach in this as in other matters of foreign policy, except for his momentary blunder suggesting intervention in Cuba, a position from which he quickly retreated, seems to us to be more reasoned, less emotional, more flexible, less doctrinaire, more imaginative, less negative than that of the Vice President. These are intangibles, and stem less from specific programs than from the breadth of vision of the man and of his advisers, but they are real and compelling nevertheless.

A second consideration persuading us to support the candidacy of Mr. Kennedy lies in the realities of the present political situation here at home.

There is every reason to believe that the next Senate, because of holdover members and the geographical distribution of the seats to be filled this year, will be strongly Democratic. There is almost equally good reason to believe that the House also will be Democratic. With international tensions running high and great decisions to be made, we cannot view with satisfaction the prospect of a continuation of the division of authority between Executive and Congress which has prevailed in Washington for the last six years.

With his personal warmth and widespread popular support, President Eisenhower was able to bridge this division to some extent. Mr. Nixon, we think, would be far less able to do so. A resulting deadlock could be costly. Surely this is a time when the responsibility for leadership and action should be plainly fixed and no tug-of-war between opposite ends of Pennsylvania Avenue should be permitted to jeopardize the efficient operation of the American Government.

We believe that, with the prestige of an election victory, Mr. Kennedy could override reactionary Southern opposition within his own party and consolidate an effective majority behind a constructive program. We respect his readiness to take the initiative, his resourcefulness and the major purposes at which he aims.

While thus favoring the election of a Democratic candidate, we must state frankly that there is one aspect of the Democratic campaign which gives us concern. This relates to the question of fiscal policy.

We are not disturbed by the prospect of larger Federal expenditures, as such. For one thing, both parties and both candidates agree that expenditures for national defense must be increased in view of the presumptive ability of the Soviet Union to launch a sudden nuclear attack. Moreover, quite aside from the question of national defense, we recognize that this is a growing country, with a quickened sense of social responsibility, and we have no doubt that the outflow of funds from Washington must keep pace with both the nation's birth rate and its conscience.

What concerns us, therefore, is not the strong likelihood that Federal expenditures will rise, regardless of which party wins the Presidency, but rather the question of how such a program is to be handled. The Democratic party's platform goes far beyond the Republican platform in making promises of large spending. Yet it calls at this time for "no increase in present tax rates." Our choice is Mr. Kennedy.

Street Needs Are Many And Costly

This is the third in a series prepared by members of City Council at the request of the Citizens Committee which was instrumental in placing the question of a city income tax on next Tuesday's ballot.

Our city has 83.9 miles of streets, alleys and highways, of which 41.2 miles are paved but 42.7 miles are unimproved.

That sums up briefly the magnitude of the street maintenance problem. In a recent "needs" survey made for the State Highway Department at the request of Gov. Michael DiSalle, a valuation of $2,611,000 was placed on our street system.

But streets, just as any other property, will deteriorate if not maintained properly. Blacktop streets need a protective seal coat at least once in five years to prevent surface cracks and holes.

Pennsylvania Ave. in East End is a good example of deterioration that results from lack of needed maintenance.

—:—

BUT TO SEAL coat our blacktop streets would cost $49,000 annually for the next two years. To continue the required maintenance would take another $26,000 a year thereafter. The city cannot undertake the maintenance for lack of funds. As a result, the improved streets slowly are becoming worse than the unsurfaced streets.

Right now, East Liverpool is in a position of allowing a $2½ million investment in streets to devaluate itself steadily for lack of $26,000 a year. But without another source of revenue, this situation must continue—there is no alternative.

In addition to maintaining our surfaced streets, we also must look forward to paving the 42.7 miles of dirt streets. Persons who reside on unsurfaced streets appreciate the problem, but the cost of labor and material would be heavy if placed against the individual property-owner.

—:—

A CITYWIDE street surfacing problem would benefit everyone—the persons who own property on streets which presently are unsurfaced and the general public which drives over them.

Street surfacing adds to property values. It also allows housewives to keep their homes clean with less effort, particularly in muddy spring and fall weather. Motorists benefit generally because they do not have to contend with wear and tear on autos driven over rough, hazardous streets.

The need for adequate sewers, particularly storm drainage, is related directly to street problems. Engineers have an old saying that a street surface is "only as good as the adjoining drainage system." They mean that even the best-paved street can be ruined in time by storm water.

Frequent heavy rains last summer pointed up particularly the problem of the East End run, which is a health menace as well as an eyesore. Enclosing this stream would eliminate frequent flooding of nearby property. But again the need for money prevents any adequate remedial measures. The need for adequate storm drainage is our principal sewer problem.

At present, our sanitary sewer system seems adequate, but it must keep pace with new residential districts. It also must be extended to serve existing areas which now depend upon septic tanks or even more primitive means of sanitation.

1. The Sheriff's Office . . .

The expenditures for the operation of the Sheriff's office under the Republican Sheriffs has more than doubled from 1952 thru 1959. In 1952 the total cost of operation was $42,125.05 and for 1959 it was $89,330.36 and costs are still climbing higher in 1960. Do you think the services received warrants these huge increases in spending?

2. County Prosecutor's Office . . .

The County Prosecutor's expenditures under the Republicans from 1952 thru 1959 has increased from $14,512.18 in 1952 to $24,123.36 in 1959. Do you think the snail's pace of prosecution of indicted persons warrants this large outlay of public funds?

3. The County Engineer's Office . . .

The County Engineer, excluding his salary, requested in 1952 for his operating budget $211,560.00. Now compare the budget request for the year 1960, excluding the County Engineer's salary, which was $358,200.00.

Street Needs Are Many And Costly

This is the third in a series prepared by members of City Council at the request of the Citizens Committee which was instrumental in placing the question of a city income tax on next Tuesday's ballot.

Our city has 83.9 miles of streets, alleys and highways, of which 41.2 miles are paved but 42.7 miles are unimproved.

That sums up briefly the magnitude of the street maintenance problem. In a recent "needs" survey made for the State Highway Department at the request of Gov. Michael DiSalle, a valuation of $2,611,000 was placed on our street system.

But streets, just as any other property, will deteriorate if not maintained properly. Blacktop streets need a protective seal coat at least once in five years to prevent surface cracks and holes.

Pennsylvania Ave. in East End is a good example of deterioration that results from lack of needed maintenance.

—:—

BUT TO SEAL coat our blacktop streets would cost $49,000 annually for the next two years. To continue the required maintenance would take another $26,000 a year thereafter. The city cannot undertake the maintenance for lack of funds. As a result, the improved streets slowly are becoming worse than the unsurfaced streets.

Right now, East Liverpool is in a position of allowing a $2½ million investment in streets to devaluate itself steadily for lack of $26,000 a year. But without another source of revenue, this situation must continue—there is no alternative.

In addition to maintaining our surfaced streets, we also must look forward to paving the 42.7 miles of dirt streets. Persons who reside on unsurfaced streets appreciate the problem, but the cost of labor and material would be heavy if placed against the individual property-owner.

—:—

A CITYWIDE street surfacing problem would benefit everyone—the persons who own property on streets which presently are unsurfaced and the general public which drives over them.

Street surfacing adds to property values. It also allows housewives to keep their homes clean with less effort, particularly in muddy spring and fall weather. Motorists benefit generally because they do not have to contend with wear and tear on autos driven over rough, hazardous streets.

The need for adequate sewers, particularly storm drainage, is related directly to street problems. Engineers have an old saying that a street surface is "only as good as the adjoining drainage system." They mean that even the best-paved street can be ruined in time by storm water.

Frequent heavy rains last summer pointed up particularly the problem of the East End run, which is a health menace as well as an eyesore. Enclosing this stream would eliminate frequent flooding of nearby property. But again the need for money prevents any adequate remedial measures. The need for adequate storm drainage is our principal sewer problem.

At present, our sanitary sewer system seems adequate, but it must keep pace with new residential districts. It also must be extended to serve existing areas which now depend upon septic tanks or even more primitive means of sanitation.

Weight Control Needed By Mothers-To-Be

Mothers-to-be, talking to new mothers, see the specter of unnecessary, extra pounds looming ahead after the baby's birth. A prospective mother writes, "Please write about a desirable diet for mothers - to - be. I want to eat properly, without gaining all those extra, hard-to-lose pounds." By Ida Jean Kain

Let's talk about motherhood and diet. In effect, you really are eating for two when you are pregnant. But it is a mistake to think you require any great increase in food, even during the last three months. An extra slice of bread and butter and a glass of whole milk — a day — will furnish the needed calories. Vitamins, minerals, and protein are your prime concern and they should be amply supplied.

—:—

MANY CHEMICAL changes take place in the body during pregnancy and they have their effect on your digestive system as well. Dr. Geo. Beaton, U. of Toronto, reports this nutritional adaptation, controlled by hormones produced in the body, assures you will waste less of the nutritional value of food.

More calcium and iron are absorbed and utilized and protein is used more efficiently at this time than before. Nature's economy means calorie intake need not be upped as this saving of normally-wasted nutrients may be enough to meet all the needs of a growing day.

What is it you should eat? Follow the normal pattern for adequate nutrition. Include a quart of milk, whole or skim as advised by your doctor. Add your protein foods . . . one large serving of meat, poultry, or fish.

These foods, plus an egg a day, guarantee normal iron intake. Make sure you have a fruit rich in vitamin C. This is especially important if you expect to nurse the baby when you'll need higher amounts of vitamin C. A yellow or green leafy vegetable provides a rich source of vitamin A. To these two 'musts' in the fruit and vegetable family, add two others to the day's meals.

Eat one serving of enriched or whole grain bread or cereal. Butter or margarine, up to 2 tablespoons, may be used either on vegetables or as a spread.

If you lose weight on this regime, increase serving sizes — unless your doctor approves a weight loss for you. Because you need increased vitamins and minerals now, doctors prescribe a decrease in the amount of sugar and fat.

Adequate nutrition is the major concern during the whole nine months. Poor nutrition for the first few months may cause permanent ill effects for both mother and baby.

—:—

A BALANCED DIET supplying all essentials without frills will enable you to gain only what is needed to have a healthy baby. A normal weight mother should, after the baby arrives, weigh the same as she did before her pregnancy began.

For the expectant mother whose weight is normal at the start, a gain of one-half to three-quarters of a pound a week is normal after the third month. If the scales show a gain of a pound or more a week during this middle period, fats, sugars, and starches should be curtailed sharply.

Send stamped, self - addressed long envelopes for "Revised Calorie Chart." Address request to Ida Jean Kain in care of this newspaper.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Your advice to the parents whose child was born blind was inadequate. A book by Helen Keller may be a comfort, but much more can be done for these people. May I tell you—so you can tell others?

Twelve years ago my husband (who was 23 at the time) was injured in an automobile accident. It left him totally blind. We thought it was the end of the world.

We had the popular misconception that blind people were useless and that there was no future beyond selling pencils or making brooms.

After a year of pure hell a friend told us about the New York State Commission for the Blind. We later learned that most states have a similar setup for partially blind as well as the totally sightless. There are also private agencies which offer services free of charge.

With the help of an agency my husband went to college and got a master's degree in sociology. He now works with handicapped children. We lead a normal, productive life and have three fine sons.

Blindness is the end of one road of course—but the next road can be smooth and exciting as well, if people know where to go for help.

In America no one needs to suffer as we did. Please, won't you pass this word along?—MRS. C. J.

-:-

Dear Mrs. C. J.: This letter will appear in 397 newspapers and millions of people will see it, thanks to you. It is service such as this that makes my work a genuine thrill. God bless you and my thanks for writing.

Stranger Than Fiction

Dear Ann: I used to think you made up some of the letters in your column but after this experience in our own family I would believe anything.

Our son went with a lovely girl for two years. The girl's father died when she was 13 and she and her mother were like sisters. We knew they were close—but we didn't realize they were crazy.

We should have known something was wrong when the mother moved to the college town and took a selling job to be near her daughter.

After graduation, B and J had a nice wedding. On the wedding night, J complained of a sideache and a headache. The next day she said her eyes hurt. That night her back ached.

The next morning she left him a note saying she couldn't bear to think of her mother alone, so she had taken the bus home.

What can our son do?—SHOCKED PARENTS.

-:-

Dear Shocked Parents: The only thing your son can do is get his wife (?) to a psychiatrist. He can't force her to go, however; she'd have to consent—and this may be a real problem.

People often disguise sick behavior under such fancy labels as "filial love" and "family devotion." If the girl won't get help, he should see his clergyman and a lawyer—in that order.

Parents Too Strict

Dear Ann: Our daughter is only 16. She's in her second year of high school and makes honor grades. Yesterday she announced she wants to start going with boys and wear lipstick "like the rest of the girls." She claims we are too strict.

I say the reason she makes good grades and stays out of trouble is because we are strict. I hate the way the young girls of today paint up. I say keep them away from temptation and the devil. What do you say?—MRS. K.

-:-

Dear Mrs. K.: A 16-year-old girl should be wearing lipstick and dating, if she wants to. Too much discipline can make a teenager feel caged. Once the "caged ones" get loose they are the wildest of all. Loosen the reins, Mother.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Leavell Returned As NAACP Head

Will T. Leavell was re-elected president of the Midland branch of the NAACP at a meeting Wednesday evening in the Steelworkers Union Hall.

The Rev. W. L. Harris, first vice president; John Perkins Jr., second vice president; Mrs. Ann Golding, secretary, and Harry Lacey treasurer, also were returned.

Mrs. Carl Lacey was named to the new post of assistant secretary. Four new Executive Board members were elected for two-year terms. They are Charles Bynum, Wilbert Short, Mrs. Reomi Samuels and Mrs. Pearl Smith. Officers' terms are for one year. Committees will be appointed later.

Mrs. Samuels reported on a state conference held last Friday through Sunday at New Castle at which she was a delegate. She said that Pennsylvania needs better civil rights and housing legislation and there is concern over unemployment in the state. She urged all to vote, regardless of party.

A board meeting will be held Nov. 24 at the Leavell's home. Next meeting is Dec. 7.

ELHS Seeks First Over Salem In 4 Years

The Sports Bench

By BOB DUFFY
Sports Editor

Morton Impressed By Potters . . .

"I didn't get to see Cunningham play in the Steubenville game because of his injury, but I watched him warm up and that was good enough for me," Blaine Morton said Thursday on the eve of the East Liverpool-Salem clash.

"East Liverpool has a fine football team. Cunningham is the finest high school passer I have seen and Goodballet is the hardest runner we have watched this season."

"East Liverpool's running game can give us problems as much as the passing," Morton added.

This is the, first year for Morton as head coach. The likeable mentor took over for Earl Bruce, who went to Sandusky.

Morton calls the success of the Quakers this year a "team effort." "If I had to single out any one player defensively it would be Don Davidson, but if one boy breaks down another one is right there to help him."

"I look for a real good football game and believe the breaks will decide it," he added.

Cunningham Nears Passing Mark . . .

AFTER tonight's game with Salem, Cunningham can become East Liverpool High's all-time passer so far as yardage is concerned.

He needs 67 yards to surpass the mark established in 1956 by Bernie Allen, who is presently quarterbacking the Purdue Boilermakers.

Going into tonight's contest, Kenny and his receivers have rolled up 941 yards through the air. He already has completed more passes—61—than any other ELHS passer.

Cunningham is firing at a high 56 per cent, with 61 completions in 108 attempts.

He still has to go some in order to match Allen in the department of passing for touchdowns. Kenny has 10 TD tosses, but Allen completed 16.

Of course, the Potters, lacking a fast break away runner, have passed more this season than ever before.

Looking back over the passing history of the Potters in the last 10 years, we find the name of Jim Potts, of course, but the Potters had a devastating ground game when Potts quarterbacked the squad, with Gene Bell, Jim Perkins and John Nott running.

The passer with the highest percentage in that era was Clair Williams, who performed for the 1952 undefeated Potter team.

Williams, a tailback in Wade Watts' single-wing attack, hit on 62 per cent of his tosses, then went on to become one of the top passers in small-college football, performing at Western Reserve.

COACH JOHN Baroni of Steubenville Central had some good words for the Potters after last Saturday's game.

He commented: "I think we played good in spots, but it wasn't our best performance. You might beat East Liverpool, but that team always gives you fits. Losing two men on the first play was quite a blow to East Liverpool."

Baroni said "you can always expect a tough game when you play Lou Venditti's teams."

Potter Cagers Need 'Big Boy' . . .

FOOTBALL remains front and center, but basketball is sneaking in the back door.

Jim Harris, starting his second year here, had 50 candidates on opening day Tuesday. The squad was cut to 24 by Thursday and he expects to keep 20 or 22 boys until the football players report following the final game of the season with Alliance on Nov. 18.

Height appears to be the major problem confronting Harris this season. Three lettermen are back, and the trio is a formidable one. The veterans are Kenny Cunningham, leading scorer for the past two seasons, Kenny Miller, and Mike Geon.

Geon is the tallest of the three, standing about 6-foot-1, so what the Potter coach will use for height remains the big question mark.

The Potters open the 1960-61 campaign Dec. 10 at Alliance, then appear at the Memorial Auditorium for the first time on Dec. 16 with Warren the attraction.

East Liverpool has several long road trips, beginning with Ashland on Jan. 14. The Potters also pile up mileage going to Canton McKinley, New Philadelphia and Martins Ferry.

A Couple Of Upsets . . .

THE FOOTBALL season is drawing to an end, so we'll select this time to go way out on a limb and attempt to name a pair of upsets tonight.

Salem has the record and state rating and gets mad if someone crosses its goal, but we don't think they've run into a passer the caliber of Cunningham.

Although the Quakers are favored by a touchdown, we are tossing our ballot in the direction of the Potters in an upset, 16-6.

At Wellsville, the Tigers have been hit by injuries and both teams will be sky high for the game. We're looking for a close battle, but will throw the edge to Beaver Local in another upset, 14-8.

Skooting around the district on a broom left over from Halloween, we like Cameron, 20-7, over Chester; Freedom 32, Midland 13; Fairfield-Waterford 27, Newell 12; Sistersville 27, New Cumberland 13; Stanton Local 22, Malvern 0; Columbiana 16, Lisbon 8; East Palestine 32, Louisville 6, and Leetonia to win its first over Sebring, 14-0.

8th-Place Quakers Rate Slim Edge Over Potters

Four years is a long time to go without a victory over one of your long-time rivals. But that is how long it has been since the East Liverpool Potters defeated Salem.

The Quakers have had the upper hand the last three games, but East Liverpool and its coach, Lou Venditti, are confident of winning for the first time since 1956 when the two county rivals meet tonight at Salem's Reilly Stadium. The kickoff is set for 8.

Salem is as ripe for an upset as the apples on the trees around Columbiana County. The Quakers are riding high in the saddle with eight straight victories.

In fact, they have alllowed only three touchdowns to be scored against them while their fullback, Ron Janovec, 200 pounds of football player, has been grinding out the yardage for the Red and Black. Janovec is the team's leading scorer with 58 points.

In 1956, East Liverpool walked off with a 55-7 decision, but then came three straight defeats. They started in 1957 when the Quakers picked up a 28-7 win. In 1958, it was 45-20 in favor of Salem and last season the Quakers were on top again, 20-0.

The running of Janovec and the outstanding defense thrown up by the Salem line, which averages only 170, have highlighted the season. End Don Davidson is rated the top man on defense for the Quakers.

In the East Liverpool camp, Venditti said two defense stalwarts may see only limited action tonight, but that Kenny Cunningham, the Potters ace quarterback, has fully recovered from a slight concussion suffered in the Central game last Saturday.

Jim Ferello, the defensive tackle for the Potters, only will be used in spots, as will Craig O'Neil, a defensive corner man and understudy to Cunningham.

Ferello is suffering from a back injury, while O'Neil is having trouble with his ankles.

Jeff Hays or Bob Parsons are the most likely choices to replace Ferello, while Tom Kraft, Ed Six or Vince McKinnon will be tried in O'Neil's spot.

Venditti announced earlier that Kraft had won the starting left halfback spot and will be there tonight. He replaces Douglas.

East Liverpool takes a 5-3 record into tonight's game. Salem, with its 8-0 mark, has jumped into the No. 8 spot in the statewide ratings and it would give the Potters added prestige if they were to win.

Salem's victory string follows: Akron Hoban, 7-0; Leetonia, 21-0; Ravenna, 43-0; Farrell, Pa., 7-6; Campbell Memorial, 19-0; Cleveland East, 14-6; Wellsville, 10-0, and Boardman, 13-8.

East Liverpool and Salem have been battling on the gridiron since 1911. The Potters still show a slight edge of 23 wins against 18 setbacks. Three games have ended in ties.

WHEN AL SAYRE rolled a 300 game in 1959 it was an indication that you could expect about anything from this local bowler. He is shown holding up his 721 scratch score which he rolled Thursday night on lanes 7 and 8 at the Don-Bus Alleys while bowling in the American League. It was the highest series ever turned in on the local lanes. He started with a 254 game, then followed with a 242 and 225. Al bowls for the Rand's Drug team.

Six Undefeated College Teams Risk Clean Marks

By BEN OLAN
Associated Press Sports Writer

Six major college football powers put their perfect records up for show Saturday and no matter how they roll the dice it will come up no higher than "five" when the action is completed.

That's because Iowa and Minnesota, two unbeaten-untied titans meet head-on at Minneapolis in the big game of the day. Each is 6-0.

Missouri, Navy, Yale and Utah State also will be seeking to protect unmarred slates. New Mexico State, the seventh team with zeros in the lost and tied columns, is idle.

Iowa has knocked off the Gophers five times in succession. Yet, the top-ranked Hawkeyes are rated no better than one-point favorites to win the Big Ten battle. Third ranked Minnesota has yielded only 31 points while Iowa's opponents have scored 49. The Hawkeyes have piled up 161 points to Minnesota's 154.

Missouri (7-0) is favored by two touchdowns over Colorado in an important Big Eight game. Colorado has won five in a row since an opening losss to Baylor. However, the second-ranked Tigers have yet to give up more than one touchdown in any game this season. They've held their opponents scoreless in three games.

Duke is expected to give Navy considerable trouble. The Blue Devils have lost only to Michigan while recording five victories. The Middies, despite their 7-0 record and the presence of powerful Joe Bellino in their lineup, are favored by only a single point.

Yale, deadlocked with Princeton for the Ivy League lead, is a two-touchdown choice to down Pennsylvania (2-4). The Elis (6-0) rolled over Dartmouth 29-0 last week. Penn has not scored in its last two games.

A Sun Bowl invitation probably awaits the winner of the Utah State-Wyoming game. Utah State is 7-0 and Wyoming 6-1 for the season. Each has piled up five victories without a setback in Skyline Conference competition.

There should be plenty of fireworks elsewhere this weekend, starting tonight when Florida State will be at Miami, Marquette at Detroit and Richmond at George Washington.

Miami (3-2) is favored by 13 points over Florida State (3-3-1). Detroit has won its last five starts after losing its opening game to Iowa State. Marquette has dropped its last three. George Washington (2-3-1) looked good whipping Air Force 20-6 last week; Richmond (1-4-1) didn't while succumbing to Virginia Tech 20-0.

Saturday's competition will also highlight Syracuse's attempt to get back on the victory trail and an important Pacific Coast struggle between Washington and Southern California.

Syracuse (6-1) meets Army in New York's Polo Grounds. The Orange, which had its 16-game winning streak shattered by Pittsburgh last week, rules a touchdown choice over the Cadets (5-2).

Although Washington has an over-all 6-1 record and Southern Cal is 2-3, each is 2-0 in the Big Five and the winner could be headed for the league title and the Rose Bowl. Washington is a two-point favorite.

Pitt (3-2-2) is rated eight points better than Notre Dame, which has lost five straight after an opening game triumph over California.

Rice (5-1) appears to have its work cut out against Arkansas (5-2). This one could go a long way toward deciding the Southwest Conference race and the Cotton Bowl nomination. The odds-makers rate this one a toss-up. The same goes for the Tennessee-Georgia Tech Southeastern Conference meeting at Atlanta.

Ours Seen Doubtful Starter; 3,000 Expected At Game

Two backyard rivals meet tonight in the game for which the district has been waiting—Wellsville vs. Beaver Local.

The kickoff will be at 8 at Nicholson Stadium, Wellsville, with 3,000 fans expected to be on hand.

Injuries may play an important part on both sides tonight. Coach Ken Woods still lists Roger Ours as a "doubtful starter", but said his star quarterback will be dressed for the game. Ours suffered back injuries in last week's game at Jefferson Union and spent three days in the hospital.

Roger Merriman is another Tiger on the doubtful list. The regular left guard, he came up with a leg infection ond was in the hospital for two days, being released Thursday.

Woods has moved Bob Kiggans, a quarterback last season but an end this year, to quarterback and sent Willard Mobley to end. John Long, a 145-pounder, will replace Merriman at guard.

Meanwhile, Beaver Local Coach Jack O'Rourke said fullback Carl Hoppel and halfback Dale Beagle will start, although Hoppel has been hobbled with a leg injury and Beagle suffered rib injuries in practice this week.

Ron McLaughlin, slowed last week with a pulled leg muscle, is in tip-top shape again and ready to go.

Beaver Local enters tonight's game with a 7-1 record, losing for the first time last Saturday night to West Branch, 38-0.

Columbiana and Lisbon will meet at the county seat. Coach Bud Bucher's team has come along strong the past few weeks, winning three in a row.

Leetonia will be eyeing its first win of the season when it hosts Sebring tonight. Both teams are in the Tri-County League cellar.

Penn State will next meet a Big Ten football rival in 1963 when it takes on Ohio State at Columbus.

New GM Of Yankees Points To Farm System

NEW YORK (AP) — "You can't keep on winning pennants by making trades."

Roy Hamey said that Thursday in what amounted to his inauguration speech as new general manager of the New York Yankees—a club that has been specializing lately in farewell addresses.

The remarks were meant to underscore the necessity of revitalizing the Yanks' player development system.

Time was when the Yanks' farms were loaded. In fact, they once played a Little World Series among themselves (Newark and Kansas City in 1938). In recent years the tendency has been to wrap up a package of promising kids in order to get one or two established regulars—usually from Kansas City.

"We are going to intensify our efforts in the procurement of raw talent," said Hamey with co-owner Dan Topping nodding in agreement. "You have to spend and build. You must grow your own. We plan to change the territory of some scouts and add some more."

The Yanks already have started to step up their scouting in California, Texas and New England. No changes are expected in the farm system but there will be more bidding in the bonus market for the youngsters.

Walker shared batting honors with Don Cardwell and Detroit's Frank Lary. Cardwell, who played for Philadelphia and the Chicago Cubs, had the most home runs among big league pitchers—five.

Jim (Mudcat) Grant of Cleveland was second to Walker in batting average .281.

New York Plans New Sports Arena

NEW YORK (AP) — Madison Square Garden, the scene of many great athletic events, is on its way out as New York's leading indoor sports arena.

Plans for a $38 million, 25,000-seat sports center were announced Thursday. Adm. John J. Bergen, chairman, and Irving Felt, president of Graham-Paige Corp., which owns the Garden said the new center probably would be ready by 1964.

Although he did not announce what would become of the Garden after 1964, Ned Irish, the Garden president, said, "Our present facilities are outmoded. The need for a new Garden has long been with us and is imperative if we are to continue a successful operation."

The new arena's site has not been determined.

Morton Impressed By Potters . . .

"I didn't get to see Cunningham play in the Steubenville game because of his injury, but I watched him warm up and that was good enough for me," Blaine Morton said Thursday on the eve of the East Liverpool-Salem clash.

"East Liverpool has a fine football team. Cunningham is the finest high school passer I have seen and Goodballet is the hardest runner we have watched this season."

"East Liverpool's running game can give us problems as much as the passing," Morton added.

This is the first year for Morton as head coach. The likeable mentor took over for Earl Bruce, who went to Sandusky.

Morton calls the success of the Quakers this year a "team effort." "If I had to single out any one player defensively it would be Don Davidson, but if one boy breaks down another one is right there to help him."

"I look for a real good football game and believe the breaks will decide it," he added.

Cunningham Nears Passing Mark . . .

AFTER tonight's game with Salem, Cunningham can become East Liverpool High's all-time passer so far as yardage is concerned.

He needs 67 yards to surpass the mark established in 1956 by Bernie Allen, who is presently quarterbacking the Purdue Boilermakers.

Going into tonight's contest, Kenny and his receivers have rolled up 941 yards through the air. He already has completed more passes—61—than any other ELHS passer.

Cunningham is firing at a high 56 per cent, with 61 completions in 108 attempts.

He still has to go some in order to match Allen in the department of passing for touchdowns. Kenny has 10 TD tosses, but Allen completed 16.

Of course, the Potters, lacking a fast break away runner, have passed more this season than ever before.

ELHS Seeks First Over Salem In 4 Years

8th-Place Quakers Rate Slim Edge Over Potters

Four years is a long time to go without a victory over one of your long-time rivals. But that is how long it has been since the East Liverpool Potters defeated Salem.

The Quakers have had the upper hand the last three games, but East Liverpool and its coach, Lou Venditti, are confident of winning for the first time since 1956 when the two county rivals meet tonight at Salem's Reilly Stadium. The kickoff is set for 8.

Salem is as ripe for an upset as the apples on the trees around Columbiana County. The Quakers are riding high in the saddle with eight straight victories.

In fact, they have alllowed only three touchdowns to be scored against them while their fullback, Ron Janovec, 200 pounds of football player, has been grinding out the yardage for the Red and Black. Janovec is the team's leading scorer with 58 points.

In 1956, East Liverpool walked off with a 55-7 decision, but then came three straight defeats. They started in 1957 when the Quakers picked up a 28-7 win. In 1958, it was 45-20 in favor of Salem and last season the Quakers were on top again, 20-0.

Jeff Hays or Bob Parsons are the most likely choices to replace Ferello, while Tom Kraft, Ed Six or Vince McKinnon will be tried in O'Neil's spot.

Venditti announced earlier that Kraft had won the starting left halfback spot and will be there tonight. He replaces Douglas.

East Liverpool takes a 5-3 record into tonight's game. Salem, with its 8-0 mark, has jumped into the No. 8 spot in the statewide ratings and it would give the Potters added prestige if they were to win.

Salem's victory string follows: Akron Hoban, 7-0; Leetonia, 21-0; Ravenna, 43-0; Farrell, Pa., 7-6; Campbell Memorial, 19-0; Cleveland East, 14-6; Wellsville, 10-0, and Boardman, 13-8.

East Liverpool and Salem have been battling on the gridiron since 1911. The Potters still show a slight edge of 23 wins against 18 setbacks. Three games have ended in ties.

Rolls 721 Series On Local Alleys

WHEN AL SAYRE rolled a 300 game in 1959 it was an indication that you could expect about anything from this local bowler. He is shown holding up his 721 scratch score which he rolled Thursday night on lanes 7 and 8 at the Don-Bus Alleys while bowling in the American League. It was the highest series ever turned in on the local lanes. He started with a 254 game, then followed with a 242 and 225. Al bowls for the Rand's Drug team.

One Must Go

Six Undefeated College Teams Risk Clean Marks

By BEN OLAN
Associated Press Sports Writer

Six major college football powers put their perfect records up for show Saturday and no matter how they roll the dice it will come up no higher than "five" when the action is completed.

That's because Iowa and Minnesota, two unbeaten-untied titans meet head-on at Minneapolis in the big game of the day. Each is 6-0.

Missouri, Navy, Yale and Utah State also will be seeking to protect unmarred slates. New Mexico State, the seventh team with zeros in the lost and tied columns, is idle.

Iowa has knocked off the Gophers five times in succession. Yet, the top-ranked Hawkeyes are rated no better than one-point favorites to win the Big Ten battle. Third ranked Minnesota has yielded only 31 points while Iowa's opponents have scored 49. The Hawkeyes have piled up 161 points to Minnesota's 154.

Missouri (7-0) is favored by two touchdowns over Colorado in an important Big Eight game. Colorado has won five in a row since an opening losss to Baylor. However, the second-ranked Tigers have yet to give up more than one touchdown in any game this season. They've held their opponents scoreless in three games.

Duke is expected to give Navy considerable trouble. The Blue Devils have lost only to Michigan while recording five victories. The Middies, despite their 7-0 record and the presence of powerful Joe Bellino in their lineup, are favored by only a single point.

Yale, deadlocked with Princeton for the Ivy League lead, is a two-touchdown choice to down Pennsylvania (2-4). The Elis (6-0) rolled over Dartmouth 29-0 last week. Penn has not scored in its last two games.

A Sun Bowl invitation probably awaits the winner of the Utah State-Wyoming game. Utah State is 7-0 and Wyoming 6-1 for the season. Each has piled up five victories without a setback in Skyline Conference competition.

There should be plenty of fireworks elsewhere this weekend, starting tonight when Florida State will be at Miami, Marquette at Detroit and Richmond at George Washington.

Miami (3-2) is favored by 13 points over Florida State (3-3-1). Detroit has won its last five starts after losing its opening game to Iowa State. Marquette has dropped its last three. George Washington (2-3-1) looked good whipping Air Force 20-6 last week; Richmond (1-4-1) didn't while succumbing to Virginia Tech 20-0.

Saturday's competition will also highlight Syracuse's attempt to get back on the victory trail and an important Pacific Coast struggle between Washington and Southern California.

Syracuse (6-1) meets Army in New York's Polo Grounds. The Orange, which had its 16-game winning streak shattered by Pittsburgh last week, rules a touchdown choice over the Cadets (5-2).

Although Washington has an over-all 6-1 record and Southern Cal is 2-3, each is 2-0 in the Big Five and the winner could be headed for the league title and the Rose Bowl. Washington is a two-point favorite.

Pitt (3-2-2) is rated eight points better than Notre Dame, which has lost five straight after an opening game triumph over California.

Rice (5-1) appears to have its work cut out against Arkansas (5-2). This one could go a long way toward deciding the Southwest Conference race and the Cotton Bowl nomination. The odds-makers rate this one a toss-up. The same goes for the Tennessee-Georgia Tech Southeastern Conference meeting at Atlanta.

Orioles' Walker Led Pitchers In Batting

NEW YORK (AP)—Jerry Walker of the Baltimore Orioles, a .169 hitter in 1959, led all major league pitchers in batting with a sizzling .368 average in 1960.

Walker, a switch-hitter, collected 14 hits in 38 times at bat, figures compiled by The Associated Press showed today.

Walker shared batting honors with Don Cardwell and Detroit's Frank Lary. Cardwell, who played for Philadelphia and the Chicago Cubs, had the most home runs among big league pitchers—five.

Jim (Mudcat) Grant of Cleveland was second to Walker in batting average .281.

Ours Seen Doubtful Starter; 3,000 Expected At Game

Two backyard rivals meet tonight in the game for which the district has been waiting—Wellsville vs. Beaver Local.

The kickoff will be at 8 at Nicholson Stadium, Wellsville, with 3,000 fans expected to be on hand.

Injuries may play an important part on both sides tonight. Coach Ken Woods still lists Roger Ours as a "doubtful starter", but said his star quarterback will be dressed for the game. Ours suffered back injuries in last week's game at Jefferson Union and spent three days in the hospital.

Roger Merriman is another Tiger on the doubtful list. The regular left guard, he came up with a leg infection ond was in the hospital for two days, being released Thursday.

Woods has moved Bob Kiggans, a quarterback last season but an end this year, to quarterback and sent Willard Mobley to end. John Long, a 145-pounder, will replace Merriman at guard.

Meanwhile, Beaver Local Coach Jack O'Rourke said fullback Carl Hoppel and halfback Dale Beagle will start, although Hoppel has been hobbled with a leg injury and Beagle suffered rib injuries in practice this week.

Ron McLaughlin, slowed last week with a pulled leg muscle, is in tip-top shape again and ready to go.

Beaver Local enters tonight's game with a 7-1 record, losing for the first time last Saturday night to West Branch, 38-0.

Nine other games are on tap tonight in the district, with Newell and Midland ending their seasons.

Chester guns for its third victory in eight games tonight at Chester City Park against Cameron.

Coach Dom Amedeo's young squad lost its last outing to St. Mary's.

Columbiana and Lisbon will meet at the county seat. Coach Bud Bucher's team has come along strong the past few weeks, winning three in a row.

Only one game is scheduled Saturday, United at Salineville in a homecoming game. Both squads will complete their schedules Saturday.

New York Plans New Sports Arena

NEW YORK (AP) — Madison Square Garden, the scene of many great athletic events, is on its way out as New York's leading indoor sports arena.

Plans for a $38 million, 25,000-seat sports center were announced Thursday. Adm. John J. Bergen, chairman, and Irving Felt, president of Graham-Paige Corp., which owns the Garden said the new center probably would be ready by 1964.

Although he did not announce what would become of the Garden after 1964, Ned Irish, the Garden president, said, "Our present facilities are outmoded. The need for a new Garden has long been with us and is imperative if we are to continue a successful operation."

The new arena's site has not been determined.

Unbeaten Navy Looms Top Choice For Major Bowl Bids

Middies May Wind Up In Rose Bowl

By TED SMITS
Associated Press Sports Editor

NEW YORK (AP) — Unbeaten Navy is the glamour team in the scrambled football bowl picture.

The Midshipmen are overwhelming favorites to the Rose Bowl if they don't stub their toes, and are eyed wistfully by the Cotton, Sugar, Orange, Gator, Gotham, Bluebonnet and Liberty bowls.

An upset victory by Duke over Navy this Saturday or Army over the Middies Nov. 26 would change all that.

Not far behind Navy in popularity come Mississippi, Tennessee, Duke, Pitt, and Syracuse. Of these all have been beaten at least once except Mississippi and Tennessee, and they've been tied.

Oddly enough the No. 1 team in the land, unbeaten Iowa, does not figure too much in bowl speculation. The Big Ten has severed its contract with the Rose Bowl but its members can still accept an invitation. However, Navy has so much sentiment in Pasadena that a bid to Iowa seems unlikely.

With the Big Ten no longer sure of a Rose Bowl invitation, and the Orange Bowl not committed to an Atlantic Coast Conference team and not necesssarily to a Big Eight member, the bowl merry-go-round come December will be as mad as it was back in the 1930s. It is additionally complicated by the new and strong Bluebonnet, Liberty, and Gotham bowls.

Here's how the picture loooks to sources close to the bowl managements:

Rose, Pasadena, Calif., Jan. 2 — Navy strongly favored with Washington the West Coast entry. The two played a 14-14 tie in the Rose Bowl in 1924, and Navy beat Washington 15-14 on a late field goal early this season. Iowa might get the nod or Mississippi.

Cotton, Dallas, Jan. 2 — The Southwest champion — Rice, Baylor, or Arkansas—against Mississippi, Navy, Tennessee, Syracuse, Pitt, Duke or Alabama with Navy and Mississippi favored.

Sugar, New Orleans, Jan. 2 — Mississippi almost sure to be one of the teams, and Navy favored as the other. If Navy won't accept and Tennessee beats Mississippi Nov. 12, then it looks like Tennessee or Duke, if the Blue Devils beat Navy.

Orange, Miami, Jan. 2 — With Oklahoma and Kansas on NCAA probation and ineligible to represent the Big Eight, the Orange Bowl is only required to take a conference team if an eligible school, such as Colorado or Missouri, wins or ties for the title. For the other team, the Orange Bowl is scouting Mississippi-Tennessee Nov. 12, and Navy-Duke this Saturday.

Gator, Jacksonville, Fla., Dec. 31—the winner of the Georgia-Florida game Saturday against Pitt, but Navy or Syracuse would be welcome and Duke, Tennessee and a Southwest runner-up are in the picture.

Liberty, Philadelphia, Dec. 17—Pitt or Syracuse against Duke with Army in the picture along with Georgia, Colorado and Oregon. Navy would also be welcome but it plays three games in Philadelphia.

Bluebonnet, Houston, Dec. 17—A top Southwest team and either Navy, Mississippi, Duke, or Tennessee.

Gotham, New York, Dec. 10—Syracuse favored, with attention to Navy, Pitt, Tennessee, Mississippi, Rice, Baylor, Arkansas, Oregon, Oregon State, and Wyoming.

LA Chargers Eye Division's Lead

By The Associated Press

The Los Angeles Chargers, moving fast after a slow start, have an opportunity to take over sole possession of first place in the Western Division of the American Football League tonight.

The Chargers, meeting the New York Titans at the Polo Grounds, will seek to keep rolling a spirited offensive that enable them to crush the Boston Patriots 45-16 last week.

The Patriots take on the Oakland Raiders in the other game on tonight's slate. Two games Sunday, Dallas at Buffalo and Houston at Denver, round out the week's AFL program.

The Titans have lost their last two. Los Angeles is tied for the top spot with Denver.

The Oakland-Boston game is a return go. The Raiders defeated the Patriots 27-14 Oct. 16.

East Junior High, Westgate Clash For Title

The city's junior high school championship will be at stake Saturday afternoon at 1:30 when East Junior High and Westgate meet in their annual classic at Patterson Field.

Both squads have sterling records to put on the line this season.

Westgate will enter the game with a 5-0 record, while East Junior High lost only its opener. Since then Coach Dom Cascio's team has won four straight.

Westgate's Record

Both squads have emphasized defense this season. Coach Bill Erlitz's Westgate squad has only been scored on once, in the 36-6 win over Steubenville Central.

East Junior High, after dropping a 12-6 game to Steubenville Central in its opener, hasn't been scored on in its last three games.

Westgate will depend heavily on the passing of Chuck Baker, rated a fine thrower for a junior high gridder. His favorite target is end Dave Chetwynd.

Meanwhile East will count on the running of Bob Mercer, Rick Jennings and quarterback Frank McComas.

East has defeated Westgate once in the series, 20-0 last season. Westgate won the three previous games.

WESTGATE'S UNBEATEN WILDCATS. Here's Westgate Junior High's football squad that has swept to five straight triumphs and has yielded only one touchdown to the opposition this season. Pictured are, first row, left to right: Dave Chetwynd, Curt Battistelli, Bill Hall, Dave Oliver, Chuck Baker, Bruce Burbick, Jim Anderson and Bud Manley; Second row: Rick Skidmore, Jim Karcher, Earl Olmstead, Ed Burch, John Cunningham, Dave Bowersock, Bob Bloor, Earl Cross and Ron Echols; Third row: Chuck Hoffman, Richard Kwasnik, Mike Payne, Larry Bowers, John Hasentab, Bob Forzano, Tom Baker, Tom Stepien, Ed Mattern and Ron Barrett; Fourth row: Kenny Buckley, Roger Diddle, Denny Burke, John Stephens, Fred Lightfoot, Van Pinkerton, Larry Wilson, Chuck Taylor, Dick Deem, Richard Stoddard, and Larry Bickle; Fifth row: Ed Hanselman, Roger Scott and Larry Gill, managers; Sixth row: Everett Daniels, assistant coach; William Erlitz, head coach, and Jim Proctor, assistant coach.

Tongue Lashing Gets Results As Red Wings Win

DETROIT (AP) — The old-fashioned pep talk, or between-periods tongue lashing, still gets results — at least when Jack Adams is doing the talking.

The Detroit general manager blistered the Red Wings Thursday night in what one of the veteran hockey players called "a real give-us-hell speech."

The bellowing and shouting came between the second and third periods when the Wings were trailing the Boston Bruins 5-2.

The Wings roared back with six goals in the third period and dumped the Bruins 8-5. The victory moved the Wings into a third-place tie in the National Hockey League with Toronto.

Adams generally sits in the training room, behind the Wings' dressing room, between periods. But Thursday night he strode up and down the locker room, yelling at the players and saying people were leaving Olympia Stadium because of the Wings' poor showing.

Some of the 8,737 spectators did leave after two periods. Many of them had been booing the Wings, who spent the first two periods missing simple passes, passing it to Boston players and falling to the ice.

Patterson In Driver's Seat As Third Title Fight Nears

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Bet on the "new" Floyd Patterson to get what he wants for his third heavyweight title fight with Ingemar Johansson.

The fight, according to Patterson, is "90 per cent set" for some time between January and March. Either Miami or Los Angeles is the likely site.

"By next Thursday we will be in a position to name the site and date where the next defense by Floyd will take place," said Humbert (Jack) Fugazy, managing director of Feature Sports, Inc.

Fugazy made that statement Thursday at a boxing writers luncheon after Patterson, 25, had been presented with his second heavyweight championship belt by Nat Fleischer, editor of Ring magazine.

When Fugazy gets around to announcing the details of the fight in the next few days it's a cinch to include the terms desired by Patterson.

The champion, poised and articulate, made that very clear.

The 10 per cent of the fight not set is exactly the percentage difference between what the recrowned champion wants for his share of the ancillary rights (television, radio, movies, etc) and what FSI wants him to accept.

Floyd said that before the second fight, which he won, he asked for, and got, a contract calling for 50 per cent of the ancillary rights for a third fight. Now, he said, FSI wants him to take 40 per cent.

The "new look" about Patterson is the way he now asserts himself publicly and in his business deals. The relationship between him and manager Cus D'Amato still is very solid but it's no longer a Svengali and Trilby affair.

'Bobby' Wallace Of Baseball Hall Of Fame Claimed

TORRANCE, Calif. (AP) — Rhoderick John (Bobby) Wallace, a member of baseball's Hall of Fame and a former manager of the old St. Louis Browns in the American League and of the Cincinnati Reds in the National League, died in a convalescent home Thursday. He would have been 87 today.

Wallace was a pitcher at the start of his major league career, but gained stardom when he switched to shortstop. His major league pitching record was 25 wins and 20 defeats with Cleveland.

He managed the Browns in 1911 and part of the 1912 season.

The famed shortstop began a 25-year career with the majors when he joined Cleveland of the National League in 1894.

Wallace established a major league single-game record June 10, 1902 when he handled 17 chances flawlessly.

He suffered a heart attack last May 12 at his apartment in nearby Redondo Beach.

Ohio State Sees Indiana As Breather On Saturday

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Ohio State's Buckeyes may be looking beyond Indiana to the Nov. 12 game with Iowa's top - ranked Hawkeyes, but they're still odds-on choices to upset the hapless Hoosiers Saturday before 80,000-plus fans.

Even Coach Woody Hayes, who could find something to worry about if his Bucks were playing Hiram, isn't too perturbed about the outlook.

The Hoosiers, on probation in the Big Ten for some frowned-upon recruiting activity, have lost five and won one—the exact opposite of the Buckeye record. Nothing in the book indicates Ohio will have to work up more than a mild sweat in trimming the Indiana orphans who wear a "no-count" tag because their games don't count in the standings.

But Hayes, under his optimistic exterior, must be thinking about the 1951 game—the first time he faced the Hoosiers as boss of the Bucks. Ohio went into that game a three-touchdown favorite and came out of it on the short end of a 32-10 score—one of the most startling upsets Ohio Stadium has ever witnessed.

After that the Bucks pinned seven straight setbacks on Indiana, up to last year's scoreless tie—in which the Hoosiers declare emphatically they scored a touchdown which the officials didn't allow.

Tom Miller, Indiana's personable publicitor, came into town with the statement that:

"We're trying to get Ohio to give us the touchdown we thought we had a year ago. If I can get the idea across, we'll start Saturday with a 7-0 edge."

The Indiana breather is a welcome one to the Buckeyes. Iowa and Minnesota, unbeaten leaders in the Big Ten and rated 1-3 in the country, tangle Saturday at Minneapolis. One must fall, and if it's Minnesota the fifth-rated Bucks can move into a title deadlock the following week if they topple the Hawkeyes.

Ohio University, top - ranked among the country's smaller schools, gets a chance to move up alongside defending champion Bowling Green in the Mid-American race. The Bobcats meet Marshall's Thundering Herd at Athens, and are heavy favorites to make it five straight in the loop. If they make it, the Cats will go into the Nov. 12 game with the Falcons with the championship riding on the result. The Bee-Gees pass up league play for a game with Southern Illinois this week.

Muskingum, which rounds out the state's unbeaten contingent with Ohio U. and Bowling Green, also steps outside league competition to meet Waynesburg.

Cotton, Dallas, Jan. 2 — The Southwest champion — Rice, Baylor, or Arkansas—against Mississippi, Navy, Tennessee, Syracuse, Pitt, Duke or Alabama with Navy and Mississippi favored.

Sugar, New Orleans, Jan. 2 — Mississippi almost sure to be one of the teams, and Navy favored as the other. If Navy won't accept and Tennessee beats Mississippi Nov. 12, then it looks like Tennessee or Duke, if the Blue Devils beat Navy.

Orange, Miami, Jan. 2 — With Oklahoma and Kansas on NCAA probation and ineligible to represent the Big Eight, the Orange Bowl is only required to take a conference team if an eligible school, such as Colorado or Missouri, wins or ties for the title. For the other team, the Orange Bowl is scouting Mississippi-Tennessee Nov. 12, and Navy-Duke this Saturday.

Gator, Jacksonville, Fla., Dec. 31—the winner of the Georgia-Florida game Saturday against Pitt, but Navy or Syracuse would be welcome and Duke, Tennessee and a Southwest runner-up are in the picture.

Liberty, Philadelphia, Dec. 17—Pitt or Syracuse against Duke with Army in the picture along with Georgia, Colorado and Oregon. Navy would also be welcome but it plays three games in Philadelphia.

Bluebonnet, Houston, Dec. 17—A top Southwest team and either Navy, Mississippi, Duke, or Tennessee.

Gotham, New York, Dec. 10—Syracuse favored, with attention to Navy, Pitt, Tennessee, Mississippi, Rice, Baylor, Arkansas, Oregon, Oregon State, and Wyoming.

LA Chargers Eye Division's Lead

By The Associated Press

The Los Angeles Chargers, moving fast after a slow start, have an opportunity to take over sole possession of first place in the Western Division of the American Football League tonight.

The Chargers, meeting the New York Titans at the Polo Grounds, will seek to keep rolling a spirited offensive that enable them to crush the Boston Patriots 45-16 last week.

The Patriots take on the Oakland Raiders in the other game on tonight's slate. Two games Sunday, Dallas at Buffalo and Houston at Denver, round out the week's AFL program.

The Titans have lost their last two. Los Angeles is tied for the top spot with Denver.

The Oakland-Boston game is a return go. The Raiders defeated the Patriots 27-14 Oct. 16.

The city's junior high school championship will be at stake Saturday afternoon at 1:30 when East Junior High and Westgate meet in their annual classic at Patterson Field.

Both squads have sterling records to put on the line this season.

Westgate will enter the game with a 5-0 record, while East Junior High lost only its opener. Since then Coach Dom Cascio's team has won four straight.

East Junior High, after dropping a 12-6 game to Steubenville Central in its opener, hasn't been scored on in its last three games.

Westgate will depend heavily on the passing of Chuck Baker, rated a fine thrower for a junior high gridder. His favorite target is end Dave Chetwynd.

Meanwhile East will count on the running of Bob Mercer, Rick Jennings and quarterback Frank McComas.

East has defeated Westgate once in the series, 20-0 last season. Westgate won the three previous games.

Tongue Lashing Gets Results As Red Wings Win

DETROIT (AP) — The old-fashioned pep talk, or between-periods tongue lashing, still gets results — at least when Jack Adams is doing the talking.

The Detroit general manager blistered the Red Wings Thursday night in what one of the veteran hockey players called "a real give-us-hell speech."

The bellowing and shouting came between the second and third periods when the Wings were trailing the Boston Bruins 5-2.

The Wings roared back with six goals in the third period and dumped the Bruins 8-5. The victory moved the Wings into a third-place tie in the National Hockey League with Toronto.

Adams generally sits in the training room, behind the Wings' dressing room, between periods. But Thursday night he strode up and down the locker room, yelling at the players and saying people were leaving Olympia Stadium because of the Wings' poor showing.

Some of the 8,737 spectators did leave after two periods. Many of them had been booing the Wings, who spent the first two periods missing simple passes, passing it to Boston players and falling to the ice.

Patterson In Driver's Seat As Third Title Fight Nears

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Bet on the "new" Floyd Patterson to get what he wants for his third heavyweight title fight with Ingemar Johansson.

The fight, according to Patterson, is "90 per cent set" for some time between January and March. Either Miami or Los Angeles is the likely site.

"By next Thursday we will be in a position to name the site and date where the next defense by Floyd will take place," said Humbert (Jack) Fugazy, managing director of Feature Sports, Inc.

Fugazy made that statement Thursday at a boxing writers luncheon after Patterson, 25, had been presented with his second heavyweight championship belt by Nat Fleischer, editor of Ring magazine.

When Fugazy gets around to announcing the details of the fight in the next few days it's a cinch to include the terms desired by Patterson.

The champion, poised and articulate, made that very clear.

The 10 per cent of the fight not set is exactly the percentage difference between what the recrowned champion wants for his share of the ancillary rights (television, radio, movies, etc) and what FSI wants him to accept.

Floyd said that before the second fight, which he won, he asked for, and got, a contract calling for 50 per cent of the ancillary rights for a third fight. Now, he said, FSI wants him to take 40 per cent.

The "new look" about Patterson is the way he now asserts himself publicly and in his business deals. The relationship between him and manager Cus D'Amato still is very solid but it's no longer a Svengali and Trilby affair.

'Bobby' Wallace Of Baseball Hall Of Fame Claimed

TORRANCE, Calif. (AP) — Rhoderick John (Bobby) Wallace, a member of baseball's Hall of Fame and a former manager of the old St. Louis Browns in the American League and of the Cincinnati Reds in the National League, died in a convalescent home Thursday. He would have been 87 today.

Wallace was a pitcher at the start of his major league career, but gained stardom when he switched to shortstop. His major league pitching record was 25 wins and 20 defeats with Cleveland.

He managed the Browns in 1911 and part of the 1912 season.

The famed shortstop began a 25-year career with the majors when he joined Cleveland of the National League in 1894.

Wallace established a major league single-game record June 10, 1902 when he handled 17 chances flawlessly.

He suffered a heart attack last May 12 at his apartment in nearby Redondo Beach.

Ohio State Sees Indiana As Breather On Saturday

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Ohio State's Buckeyes may be looking beyond Indiana to the Nov. 12 game with Iowa's top - ranked Hawkeyes, but they're still odds-on choices to upset the hapless Hoosiers Saturday before 80,000-plus fans.

Even Coach Woody Hayes, who could find something to worry about if his Bucks were playing Hiram, isn't too perturbed about the outlook.

The Hoosiers, on probation in the Big Ten for some frowned-upon recruiting activity, have lost five and won one—the exact opposite of the Buckeye record. Nothing in the book indicates Ohio will have to work up more than a mild sweat in trimming the Indiana orphans who wear a "no-count" tag because their games don't count in the standings.

But Hayes, under his optimistic exterior, must be thinking about the 1951 game—the first time he faced the Hoosiers as boss of the Bucks. Ohio went into that game a three-touchdown favorite and came out of it on the short end of a 32-10 score—one of the most startling upsets Ohio Stadium has ever witnessed.

After that the Bucks pinned seven straight setbacks on Indiana, up to last year's scoreless tie—in which the Hoosiers declare emphatically they scored a touchdown which the officials didn't allow.

Tom Miller, Indiana's personable publicitor, came into town with the statement that:

"We're trying to get Ohio to give us the touchdown we thought we had a year ago. If I can get the idea across, we'll start Saturday with a 7-0 edge."

The Indiana breather is a welcome one to the Buckeyes. Iowa and Minnesota, unbeaten leaders in the Big Ten and rated 1-3 in the country, tangle Saturday at Minneapolis. One must fall, and if it's Minnesota the fifth-rated Bucks can move into a title deadlock the following week if they topple the Hawkeyes.

Ohio University, top - ranked among the country's smaller schools, gets a chance to move up alongside defending champion Bowling Green in the Mid-American race. The Bobcats meet Marshall's Thundering Herd at Athens, and are heavy favorites to make it five straight in the loop. If they make it, the Cats will go into the Nov. 12 game with the Falcons with the championship riding on the result. The Bee-Gees pass up league play for a game with Southern Illinois this week.

Muskingum, which rounds out the state's unbeaten contingent with Ohio U. and Bowling Green, also steps outside league competition to meet Waynesburg.

The Life And Death Of A TV Show

Here is the true story of the life and death of a TV show called "Riverboat." Only the names of the TV executives are omitted to protect the news sources. . . .

Marie Torre

It all started with a boat. It was a 150-foot paddle-wheeler left over from some old movie, and it was sitting among other old motion picture relics on the back lot at Universal in Hollywood when it was spied by a television executive. The discoverer was an executive of Revue Productions, the TV arm of Music Corp. of America, which enjoys one of those Damon-Pythias friendships with NBC.

-:-

THE REVUE MAN, aware that NBC was in search of an hour-long series to pit against "Mavarick" Sunday night, brought word of the boat to NBC officials in New York, adding, "How about a riverboat series?"

"Swell!" chorused the NBC people, who then discussed the matter of a format that would accommodate the prop. Since the program was to oppose a Western, they reasoned, it ought to be patterned after the network's most successful Western — "Wagon Train." Thus, " 'Wagon Train' on the water."

The subject of the acting lead was the next topic at that fertile meeting.

"You know," put in a network man, "there's a syndicated show called 'Mike Hammer' which beats our shows around the country all the time. Darren McGavin's the star. Let's get him."

-:-

SO AT THIS POINT in the life of "Riverboat" there was a boat, a title, a format and a star. It was decided then that a weekly hour-long show might be too hard on McGavin, that he ought to have a co-star who would alternate with him each week.

It was while Revue was on the lookout for this co-star that one of its major executives noticed a handsome young actor who captured the eye of every secretary at Revue as he walked through the office. The executive, greatly impressed, approached the Adonis.

"Young man," he said, "are you represented by MCA?"

"Yes, sir," answered the actor.

"I saw how those secretaries were looking at you. We're going to make a star of you."

-:-

THE PROMISE remained unfulfilled. Burt Reynolds did not relieve McGavin every other week, and in the last weeks of the show's first season he was relegated to saying, "Ahoy there!"

Actually, it was during the last part of the season that "Riverboat's" real troubles began. Since it had made no real dent in the ratings of "Maverick," NBC switched the program from Sunday to Monday nights. Now it opposed "Dennis the Menace," meaning that new tactics had to be employed.

Executive thinking was that the only way to compete with the high-rated "Dennis" was to add a child and a dog to "Riverboat." Another addition was a Scottish old engineer (a "substitute mother" sort of character), plus a cook with a monkey.

All this was done to lure the fledgling viewers away from "Dennis the Menace," but the kids liked Dennis!

-:-

AS RATINGS FELL, directives flowed. The sponsor wanted more stories aboard the boat. Other thought that more stories ought to take place off the boat.

It was at about that time that star Darren McGavin, who was reeling under the barrage of orders and suggestions, received a wire from stage producer Cheryl Crawford, asking if he'd be interested in appearing in the new Tennessee Williams comedy, "Period of Adjustment."

Having a vested interest in the TV series — that is, a tiny piece of this bloody thing" — McGavin pressed NBC for an answer on the show's future before answering Miss Crawford.

The network was uncertain. NBC had hoped for "a more richly produced show."

McGavin, eager to save the show, came to New York and talked fast . . . of ideas . . . of changes in characters.

"Okay!" the NBC men told him. "Send a memo to the president of your company (Revue) and mail us a carbon."

-:-

McGAVIN worked hard on that memo. He even went to the Missouri Historical Society and did research on river lore. He gathered enough material for a full season's worth of material, and and it was all set forth in his 13-page memo.

It was on the strength of that memo that NBC decided to renew the show. McGavin, having rejected the Tennessee Williams play, reported to the studio to begin this season's batch of shows and found a new producer.

After McGavin read the scripts, it was obvious that the new producer neither had read nor heard of the memo that had made his job possible. The scripts bore absolutely no resemblance to the ideas in McGavin's memo.

To make a long story short, NBC notified Revue about 10 days ago that it would drop "Riverboat" in mid-January "because the show did not live up to expectations"; and McGavin, who lost the opportunity to appear in the Tennessee Williams show, reportedly has said "I will never do a weekly series again."

End of story!

Next time somebody asks, "How could television be so bad?", you'll be, at least, au courant!

Color Film On Alaska Added To Carnegie Library's List

The 49th state, Alaska, is the object of much curiosity and the Carnegie Public Library has a new film which throws some light on both its economics and history, according to Miss Frances Jones, librarian.

The 15-minute color study on "Alaska's Modern Agriculture" describes the experiences of farmers in the Matanuska Valley 25 years ago and contrasts them with conditions today.

A complete program can be arranged in moving pictures about the Northwest by using this film with a 23-minute nostalgic recollection of "City of Gold," the Klondike, and an 11-minute color travelogue on "The Canadian Rockies," Lake Louise and Jasper areas.

Those not interested in Alaska, but would like scenic films, may enjoy "The Union of South Africa," a 17-minute color subject or an informative 40 minute study on the Mexican Indian history, "Maya Through the Ages."

School groups will find an 11-minute study on "The Geography of the Southern States" and "Japan, 80 Million Mouths to Feed," may help to round out a unit of study.

Providing both entertainment and training is one of the most useful functions of the film. The following are highly recommended for both the primary and intermediate boys and girls:

"Manners in School," "The Magic Feather" and "Tippy, the Town Dog." "The Magic Feather" is a new fable concerned with wishing which encourages youngsters to be unselfish.

Planning programs for teen-agers which afford guidance and entertainment is the bugaboo of teachers and youth leaders. The following trio is suggested for this group: "The Gossip," "Body Care and Grooming" and "Spills and Thrills."

Scout groups and science teachers will find assistance in their programs from the library's nature films, "Monarch Butterfly," "Flowers at Work," "How Animals Move" and "Animals In Spring."

There is both adventure and excitement to be found in history and educational movies are using this advantage to the full in three subjects available during November:

"The American Revolution," a 16-minute color print; "The Reformation," 13-minute history on the role of the church in medieval life, and "Marco Polo's Travels," which dramatizes scenes in Kubla Kahn's court.

If maps baffle you, include the 11-minute short on "Reading Maps" with any one of the several programs suggested.

The film department at the library is preparing a filmstrip catalog which will include new holiday materials and items useful for churches. Individuals or groups who would like to have this catalog mailed to them should phone the library at FU. 5-2048, Mrs. Jones said.

Highlandtown Grange Youths Given Citation

Juvenile members of the Highlandtown Grange have received a special citation from the Ohio Grange office for outstanding achievement.

Mrs. Donald Lucas, matron, also received a merit award for leadership. Tom Hays is master, William Hays is secretary, and Agnes McKenzie is assistant.

Newell Legion Plans Dinner

Plans for a combination Veterans' Day and kickoff dinner for the membership drive were discussed at a meeting of the Newell American Legion Post Wednesday night at the post home.

George Laneve, first vice commander, said he will make plans to direct the membership campaign.

Caps for the safety patrol at Jefferson School were issued to the boys.

Donald DeLong, second vice commander, was instructed to make plans for a New Year's Eve party.

A donation of $25 was made to the department's executive and mental health committee to help furnish and maintain a room in the Department of Psychiatry in the West Virginia University's hospital at Morgantown.

The post authorized purchase of a resuscitator for the community. The unit will be placed at the disposal of the fire department.

The next meeting is Nov. 16.

Out Of The Air

By MARIE TORRE

The Life And Death Of A TV Show

Here is the true story of the life and death of a TV show called "Riverboat." Only the names of the TV executives are omitted to protect the news sources. . . .

Marie Torre

It all started with a boat. It was a 150-foot paddle-wheeler left over from some old movie, and it was sitting among other old motion picture relics on the back lot at Universal in Hollywood when it was spied by a television executive. The discoverer was an executive of Revue Productions, the TV arm of Music Corp. of America, which enjoys one of those Damon-Pythias friendships with NBC.

-:-

THE REVUE MAN, aware that NBC was in search of an hour-long series to pit against "Mavarick" Sunday night, brought word of the boat to NBC officials in New York, adding, "How about a riverboat series?"

"Swell!" chorused the NBC people, who then discussed the matter of a format that would accommodate the prop. Since the program was to oppose a Western, they reasoned, it ought to be patterned after the network's most successful Western — "Wagon Train." Thus, "'Wagon Train' on the water."

The subject of the acting lead was the next topic at that fertile meeting.

"You know," put in a network man, "there's a syndicated show called 'Mike Hammer' which beats our shows around the country all the time. Darren McGavin's the star. Let's get him."

-:-

SO AT THIS POINT in the life of "Riverboat" there was a boat, a title, a format and a star. It was decided then that a weekly hour-long show might be too hard on McGavin, that he ought to have a co-star who would alternate with him each week.

It was while Revue was on the lookout for this co-star that one of its major executives noticed a handsome young actor who captured the eye of every secretary at Revue as he walked through the office. The executive, greatly impressed, approached the Adonis.

"Young man," he said, "are you represented by MCA?"

"Yes, sir," answered the actor.

"I saw how those secretaries were looking at you. We're going to make a star of you."

-:-

THE PROMISE remained unfulfilled. Burt Reynolds did not relieve McGavin every other week, and in the last weeks of the show's first season he was relegated to saying, "Ahoy there!"

Actually, it was during the last part of the season that "Riverboat's" real troubles began. Since it had made no real dent in the ratings of "Maverick," NBC switched the program from Sunday to Monday nights. Now it opposed "Dennis the Menace," meaning that new tactics had to be employed.

Executive thinking was that the only way to compete with the high-rated "Dennis" was to add a child and a dog to "Riverboat." Another addition was a Scottish old engineer (a "substitute mother" sort of character), plus a cook with a monkey.

All this was done to lure the fledgling viewers away from "Dennis the Menace," but the kids liked Dennis!

-:-

AS RATINGS FELL, directives flowed. The sponsor wanted more stories aboard the boat. Other thought that more stories ought to take place off the boat.

It was at about that time that star Darren McGavin, who was reeling under the barrage of orders and suggestions, received a wire from stage producer Cheryl Crawford, asking if he'd be interested in appearing in the new Tennessee Williams comedy, "Period of Adjustment."

Having a vested interest in the TV series — that is, a tiny piece of this bloody thing" — McGavin pressed NBC for an answer on the show's future before answering Miss Crawford.

The network was uncertain. NBC had hoped for "a more richly produced show."

McGavin, eager to save the show, came to New York and talked fast . . . of ideas . . . of changes in characters.

"Okay!" the NBC men told him. "Send a memo to the president of your company (Revue) and mail us a carbon."

-:-

McGAVIN worked hard on that memo. He even went to the Missouri Historical Society and did research on river lore. He gathered enough material for a full season's worth of material, and and it was all set forth in his 13-page memo.

It was on the strength of that memo that NBC decided to renew the show. McGavin, having rejected the Tennessee Williams play, reported to the studio to begin this season's batch of shows and found a new producer.

After McGavin read the scripts, it was obvious that the new producer neither had read nor heard of the memo that had made his job possible. The scripts bore absolutely no resemblance to the ideas in McGavin's memo.

To make a long story short, NBC notified Revue about 10 days ago that it would drop "Riverboat" in mid-January "because the show did not live up to expectations"; and McGavin, who lost the opportunity to appear in the Tennessee Williams show, reportedly has said "I will never do a weekly series again."

End of story!

Next time somebody asks, "How could television be so bad?", you'll be, at least, au courant!
